## Special Election

### Voters to decide tax hike, bond issue on Monday

The Romulus Board of Education will ask voters to increase their taxes and approve a bond issue for school repairs in a special election scheduled for Monday, April 18.

Dr. William Bedell, Superintendent of Schools, is hoping that the recent decline in the state equalized valuation (SEV) for residential property in the city and school district will provide an impetus for

taxpayers to approve a 3-mill tax levy needed for school operation.

The school district presently levies 36.15 mills (a mill is \$1 per \$1,000 of assessed property valuation) for school operation. The \$800,000 bond issue would be utilized to renovate the existing high school roof and ceilings and rid the school of an asbestos problem.

A committee made up of con-

cerned parents and school officials, called Asbestos Removal Committee, has launched an all-out campaign to inform residents and parents of the dangers involved in asbestos from the high school ceilings.

"According to our engineers, it would be unwise to construct new ceilings and not put in a new roof," Dr. Bedell said. "Presently, when it

rains the roofs leak and the water mixes with the asbestos, creating a hazardous situation."

Dr. Bedell went on to say that he and the members of the school board realize "the economic realities and that urging passage of a school millage increase at this time may be unwise, but we have approximately 5,700 students who are our responsibility and obligation to edu-

cate and prepare for life.

"And if we fail to ask our people for financial support, we would be delinquent. The schools need help now. Not tomorrow. And, let me say that taxes have decreased by little more than three mills, and we feel they might be willing to support the school district by voting a much needed operating revenues."

The polls will open at 7 a.m. and close 8 p.m.

DR. WILLIAM BEDELL

### Local Briefs

#### Baumann has perfect record

It was reported here that councilman Barry Baumann had skipped the March 29 Council meeting. No so. Baumann has had a perfect attendance record at the proceedings he said, and did cast the vote that would help attorney Harry Ellman settle the Lewkowicz vs. youngblood lawsuit.

The lawsuit involves a dispute between the city and the Wayne County Drain Commission on illegal fees for administrative costs of Youngblood's Department.

The county apparently is ready to settle.

#### 'Farm-A-Lot' registration set

City officials announced this week that they will accept registration for the "Farm-A-Lot" program which provides participants with the tools and seeds for planting gardens.

Registration will begin on April 26 until May 11 at the T. J. Coleman Center, 35351 Beverly Rd. The office hours are 1 to 4 p.m.

The program is available for Romulus residents only.

For further information, please telephone 728-4379.

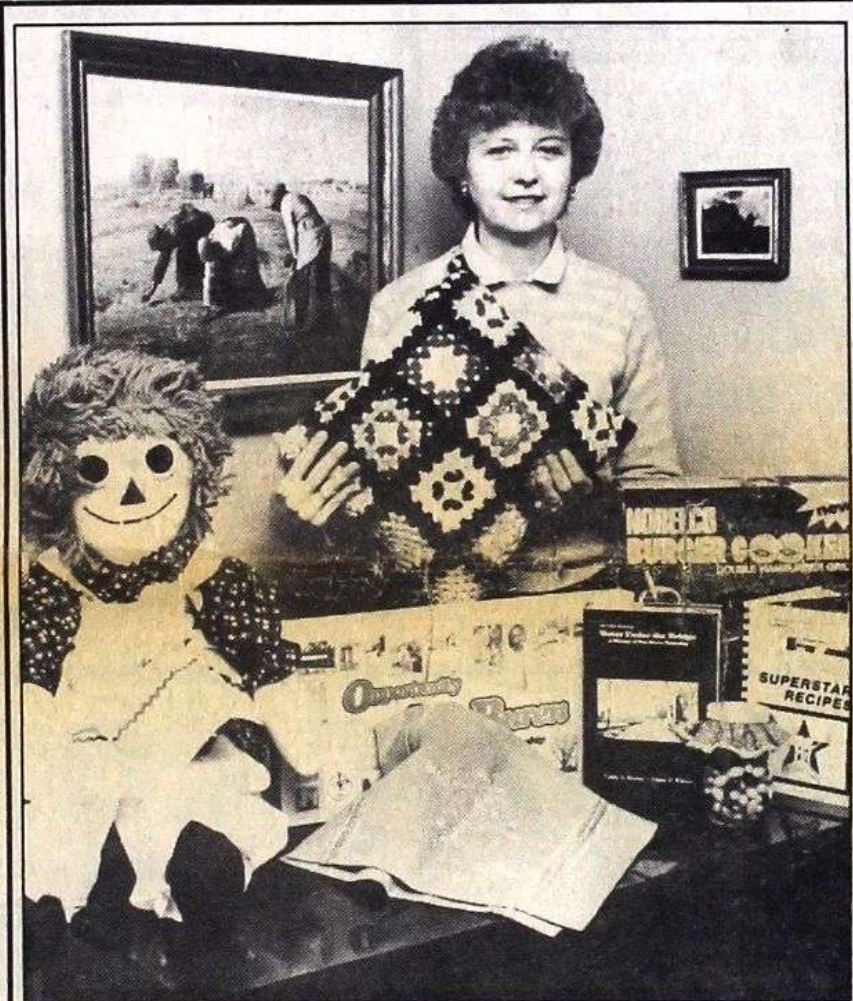

#### Raspberry returns to council

One council member who has not been present at the last two council meetings is Jimmie Raspberry who is recuperating from an operation.

Councilman Raspberry was expected to join his colleagues last night in the council chambers to debate a long list of agenda items.

#### 'Hope chest'

Members of the Belleville Junior Study Club are busy these days gathering together a "hope chest" of items to raffle at their card party. Proceeds from the raffle — tickets are 20 cents each or five for a \$1 — will be donated to the Genevieve Clark Scholarship fund. Mrs. Clark was a noted and prominent educa-

tor in the Van Buren School District. Holding a "granny square", one of many items to be auctioned at the April 20 party is Sandra Lauth, Education Chairman and Secretary of the Study Club. The party will get underway at 7:30 p.m. at the Van Buren Township Hall.

#### First degree murder

### Mother charged in infant's death

The 20-year-old mother of an infant child was charged last week with first degree murder in the death of her child, police said today.

The defendant, Elaine Paul, of 6055 Washington, was arraigned on the murder charge before 34th District Judge Henry Zaborowski. She stood mute and the court entered a plea of innocent on her. She was remanded to Wayne County Jail to await preliminary examination scheduled for April 13.

According to Romulus police, Ms. Paul and her boyfriend, conveyed the defendant's two-year-old child, Alycia Paul, to Annapolis Hospital's Emergency Room telling officials that the child had fallen.

Hospital authorities decided to transfer the child to Children's Hospital where the child later succumbed.

The Wayne County Medical Examiner's Office ruled that the child had died from multi-blunt injuries to the head and the abdomen. The injuries were believed to be the result of a severe beating.

"Our investigation indicated that the mother of this child had a long

history of beating the child," Police Chief Donald Flood said. "We submitted our findings to the Wayne County Prosecutor's Office who issued a warrant charging Ms. Paul with first degree murder."

Police also said that in May of 1981, the Michigan Department of Social Services decided to take the child away from Mrs. Paul because of alleged abuses to the infant. MDSS officials, in August of 1982, decided to return the child to her natural mother.

In an unrelated incident, Romulus police arrested two men who are charged with two counts of kidnapping and felony with a firearm. One of the men, Gordon Davis Howard, 32, of Westland, escaped from the Dalton Prison Farm near Jackson and teamed with a second man, John Hatmaker, 27, of Taylor and took police on a wild chase before they were arrested in Taylor.

Howard was charged on two counts of kidnapping and two counts of felony with a firearm as well as escaping from prison, while Hatmaker will face similar charges (See CHARGED Page 2)

Romulus school officials and the Asbestos Removal Committee have joined forces to launch an all-out campaign to alert residents and parents of a potentially hazardous situation at the high school.

And, on Monday, April 18, residents can do something about the problem.

A special election calls for an \$800,000 bond issue to remove the friable airborne asbestos from the high school ceilings and replacement of the leaking roof.

There is also a second proposal requesting a 3-mill increase in school operating funds.

ARC, an acronym for Asbestos Removal Committee, has been working to inform parents and citizens of the asbestos danger at the high school. Group members are meeting with parents at all schools in the district.

Superintendent William Bedell has also met with cooks, maintenance people, custodians, and other employees of the district. A meeting with the high school staff was held as well as with student representatives.

"What we are trying to do is to make contact with the maximum number of people to make them aware of the problem," Dr. Bedell explained. ARC has also sent letters

#### 3 file for school board in Huron

While no one has stepped forward to challenge incumbent Jo Ann Marvicsin for the 4-year term on the Romulus Board of Education, there are three candidates seeking two available 4-year-terms on the Huron school board.

Mrs. Marvicsin will retain her seat on the Romulus school board when the annual election is held on June 13.

But, in Huron, school board president James Pershing, has challengers Shirley Burgess and Richard Town Jr., to contend with.

The two successful Huron candidates will serve 4-year terms. The second available seat was made possible when incumbent William Manny decided not to run for the board.

#### Another cheese giveaway set

People in need may receive their allotment of federal surplus cheese in Romulus during the hours of 11 a.m. until 4 p.m., Wed., April 13 at Beverly Elementary School.

#### 'Perils of asbestos'

## Romulus, ARC launch 'all-out campaign'

Romulus school officials and the Asbestos Removal Committee have joined forces to launch an all-out campaign to alert residents and parents of a potentially hazardous situation at the high school.

And, on Monday, April 18, residents can do something about the problem.

A special election calls for an \$800,000 bond issue to remove the friable airborne asbestos from the high school ceilings and replacement of the leaking roof.

There is also a second proposal requesting a 3-mill increase in school operating funds.

ARC, an acronym for Asbestos Removal Committee, has been working to inform parents and citizens of the asbestos danger at the high school. Group members are meeting with parents at all schools in the district.

Superintendent William Bedell has also met with cooks, maintenance people, custodians, and other employees of the district. A meeting with the high school staff was held as well as with student representatives.

"What we are trying to do is to make contact with the maximum number of people to make them aware of the problem," Dr. Bedell explained. ARC has also sent letters

to senior citizens asking for their help in the special election.

ARC and members of the Romulus Board of Education contacted junior and senior high school parents and invited them to a meeting on Tuesday to view a film concerning the danger of asbestos.

The film was shown to social studies classes at the high school.

The committee plans to meet with civic and city leaders and to corres-

pond with all churches in Romulus.

The committee hopes the fact that residents' property values have decreased over 3 mills this year will encourage them to support both proposals.

They are pointing out in their presentation, that two-thirds of the tax base in Romulus is industrial so that each time a resident or a parent gives the school district \$1 the factories in town give \$2.

### City eyes park for Wyndcliff

A park for the Wyndcliff Subdivision?

That's a possibility if federal funding can be found to acquire park sites, Mayor William Oakley informed City Council Tuesday night.

"Many residents in the Wyndcliff Subdivision don't have an easily accessible park facility," Mayor Oakley noted, "and inasmuch as there appears to be some available federal funding to be used to acquire park sites, it is my recommendation that council concur with Patrick Hogan and Dennis Davidson and authorize the submittal of preliminary application for funding."

Hogan serves as the city's director of Community Development, while Davidson is the parks and recreation director.

"There does appear to be some DNR (Department of Natural Resources) funding available for this purpose on a 50/50 basis," Hogan

MAYOR WILLIAM OAKLEY

stated, "and it is my recommendation that a preliminary application be submitted to obtain funds for the acquisition of land immediately to the east of the subdivision."

Davidson informed Hogan via a memorandum that at the Romulus Recreation Commission's March meeting some of the commissioners suggested that the city should look into the possibility of constructing a playground site in an area east of the Wyndcliff Subdivision. Their estimated cost of the project is \$300,000."

### Codification problems head for workshop

Hoping to resolve the problems the department has encountered in its initial codification of the city's ordinances, Romulus City Clerk Raymond Cantrell has invited council to attend a workshop to discuss "any and all problems."

The workshop session would include city attorney Steve Hitchcock, Lewis Andrews, who is charged with the process of codifying the ordinances, Cantrell and, "any and all members of the administration and council."

At the April 5 council meeting, Cantrell requested "Council to schedule another meeting with Mr. Andrews and the city attorney to discuss problems that exist in the

codification of ordinances.

"Council concurred with my request and I was to bring back a recommendation as to a mutually agreed upon day for the codifier and the attorney," Cantrell reported. "Mr. Andrews recommends that the attorney and myself meet with the council and get some direction as to existing problems in the codification and to communicate to him, by letter, as to what these problems consists of, and then set up a meeting with council to solve these problem areas."

The workshop will be conducted, if council agrees, at 7 p.m., April 26, in Romulus City Hall.

# Mother is charged with murder

(Continued from Page 1)

with the exception of escape from from prison.

Both men appeared before Judge Zaborowski who placed each on a \$100,000 bond. Examination is scheduled for today.

According to Romulus Det. Sgt. David Early, Howard escaped from the prison and made his way to Romulus where he and his accomplice broke into the home of Pamela Sanders, and abducted Ms. Sanders and her child, Dyene, 2½.

Police said that Howard is Dyene's father. When the two defendants broke into the Sanders' home on Streamway, they found Ms. Sanders' current boyfriend there and ordered him at gunpoint to leave the house, police said. They warned him not to call police and Howard said that he wouldn't be taken back to prison alive."

Howard and Hatmaker then took Mrs. Sanders and her child to the Rancho Motel in Inkster where Hatmaker contacted Howard's brother and sister. The two relatives arrived at the motel and talked Howard into releasing his captives, but before police arrived at the scene the defendants disappeared.

The trail ended at 3 p.m. the following afternoon when Sgt. Early and police officer Michael Ondejko went to the Southland Apartments where they believed the suspects were hiding. The officers contacted Taylor police for back-up. Before the additional police personnel arrived, Hatmaker spotted the two Romulus officers and jumped from a first story window and tried to flee.

He was chased down by Early and officer Ondejko.

The officers then went into the apartment and found Howard hiding under a water bed in the bedroom. Howard was placed under arrest.

"We don't know when Howard and Hatmaker teamed up or where they got their weapons," Det. Early said. "We haven't found the gun, in fact they deny even having a weapon."

Howard was serving a 2 to 5 year sentence for felonious assault, felony with a firearm, and criminal sexual conduct. He had been sentenced in 1981.

In another incident, a supermarket cashier, Donald Eldred, was found guilty last week in Wayne County Circuit Court of embezzlement.

Eldred, who took more than \$85,000 over a period of 1½ years while employed as a cashier at Bilmar's Supermarket in Romulus, will be sentenced later this month.

Eldred, 21, of New Boston, had been employed by the market for the past five years.

Romulus and State Police narcotics agents raided a house at 11036 Wohrman shortly before midnight last Thursday and confiscated a quantity of cocaine, marijuana, jewelry and cash.

Two men — a Romulus resident and a Detroit man — were apprehended. Their names were not revealed by police, pending issuance of warrants.

# Should PCHA member-at-large be abolished?

Should the Peoples Community Hospital Authority Board's "Membership-at-Large" appointments be abolished?

That is the question many township and municipal officials will be asked to debate during the following weeks.

The question was posed by State Senator James DeSana, and a resolution was passed by the Council of the City of Trenton at its regular meeting held March 21 to that effect. Trenton is seeking support for that resolution.

DeSana pointed out that during

recent random conversations with local members of the PCHA, he learned there was concern about the PCHA Board's membership at-large appointments.

"I feel it is an insult..." DeSana stated... "to have someone reappointed by the PCHA Board as a member at-large after that person's position as the local representative is no longer in effect."

"I am willing to introduce legislation to circumvent this practice," DeSana continued. "My plans call for legislation which would either

eliminate membership at-large, or give the mayor and council the right to veto the action of the PCHA in appointing a member from their jurisdiction to sit on the board in this capacity."

DeSana concluded he needed input or "an official notification from the majority by communities as to their wishes on this proposal by April 22. Otherwise I will be led to believe that the majority of these communities are satisfied with the manner in which the PCHA presently makes their at-large board appointments and I will not intro-

duce this bill."

Trenton adopted a resolution in support of DeSana's request, and it is this resolution that Trenton officials hope neighboring PCHA communities such as Belleville, Romulus, Huron, Van Buren and Sumpter would support.

The resolution reads, in part, that "whereas the city council for the City of Trenton has received a letter... from the Honorable James DeSana, State Senator, concerning proposed legislation eliminating membership at-large at PCHA or alternatively giving the Mayor and

Council the right to veto the action of PCHA in appointing a member from their jurisdiction to sit on the board in the capacity as an at-large member.

"And, whereas, Trenton has reviewed the matter and concludes that any proposed legislation should be directed towards eliminating the at-large membership totally and that the alternative of veto should not be considered in the proposed legislation..."

"Now, therefore, be it resolved that Trenton hereby goes on record

in urging Senator DeSana to introduce legislation for the sole purpose of eliminating at-large membership in PCHA totally so that representation would be composed of members from the contributing communities only."

PCHA services the downriver communities as well as Belleville, Romulus, Huron, Sumpter, Van Buren and Belleville. Its affiliated hospitals include Annapolis Hospital in Wayne, Outer Drive in Lincoln Park, Heritage Hospital in Taylor, Beyer Hospital in Ypsilanti and Seaway in Trenton.

## South withdraws aid request

'Until we obtain property...' Jackson

There is peace between the North and South Little Baseball Leagues. There was never a war.

And there is also an understanding between the South Little League officials and councilman Barry Baumann.

An "unfortunate" misunderstanding between the South officials and Baumann paved the way for an exchange of words because of the councilman's apparent support of Community Block Grant funds for North, while a request from South had been shelved.

Don Jackson, President of the South Little League, appeared before council last week and told council his group will withdraw its request for financial help until it obtains property to build its baseball complex.

"There has been some confusion over the past few weeks," Jackson said, "and we're here to apologize for that. We're here to ask council to retract our request for any financial assistance at this time until that time that we have obtained property."

"The reason for that is we can't justify spending any amount of money at this time without the property to put the money to work on it," Jackson concluded.

Alice Stratton, also a member of the South Little League, read a letter to council stressing that "North and South were not at war with one another as reported in the Romulus Roman."

Mrs. Stratton said that her group also would like to apologize for any misunderstanding between her group and councilman Baumann.

Before Baumann took the floor, Mary Ann Banks, Mayor Pro Tem thanked the group, then pledged council support to the league.

Baumann said that the remarks made in the newspaper article were unfortunate.

"The newspaper people like to gather such stories to sell their newspapers," Baumann added. "It's unfortunate such a headline came out. When the newspaper editor called me, I told them there was a misunderstanding. He jazzed up the story a little bit, and I hope North has not been offended by the incident either."

## Michigan Week shaping up into prize-winning affair

Like the U. S. Calvary, Romulus businesses have come to the aid of the Romulus Central Business District Association's Michigan Week Festival Committee.

In the lead is Capac Kasama, an industrial realty and management firm. They stepped in and rescued the Romulus Community Pride 10-K Road Run which was floundering due to lack of funds.

The 6.2 mile event will take place on Saturday May 14, at 9 a.m. It will start in the downtown area and be run through city streets and roads and end in the downtown area.

The road run is the kick-off event for Michigan Week and as the theme suggests, it will be "Community Pride Day" in Romulus and throughout the State of Michigan.

Assisting Capac Kasama in its sponsorship will be Republic Airlines, which will be giving away two free trips to anywhere they fly.

Also, Central Distributors of Beer (a local distributor for Anheuser Busch) will invite all the runners to

"Bring Out Your Best".

Pepsi-Cola, which will supply refreshments at the end of the race, Airport Holiday Inn, who will give away a weekend for two at their beautiful glass-enclosed Holidome and Delta Airlines, which will provide each runner with montage bags, also have offered prizes.

But, this is just the tip of the proverbial iceberg. There are many other fine prizes that will be given away during the Michigan Week celebration.

On Saturday, May 21, during the Community Dance which will be held directly behind the Romulus Parks and Recreation Center, the following prizes will be given away:

- U. S. Air - trip for two
- Comair - trip for two
- New York Air - trip for two
- Satellite Parking - Will provide parking and airport transfers for the above trips.
- Airport Holiday Inn - Weekend for two

- Airport Ramada Inn - Weekend for two
  - Airport Ramada Inn - Dinner for two at Summerfield's
  - Associated Newspapers - Weekend for two at Sugar Loaf Resort
  - National Car Rental - Free use of 1983 Oldsmobile Cutlass for one weekend.
  - Springer Archery - \$25 gift certificate
  - Bilmar's Supermarket - gift certificate
  - Romulus Hardware - kerosene heater
  - Romulus Auto Supply - \$25 gift certificate
  - Family Pharmacy - \$25 gift certificate
- Romulus Central Business District secretary, Joyce Palmer, is ready to hear from other companies that wish to donate.
- Entry blanks for these prizes will be in area businesses. The cost of entry is free, however, you must be present at the Community Dance to win any of the above named prizes.

### Sumpter offers cheese to needy

Eligible recipients may pick up cheese and butter on April 13 and April 14 from 10 a.m. until 5 p.m. at the Sumpter Social Civic Club, 19865 Sumpter Rd., township officials reported today.

Recipients must have in their possession credentials to prove they are residents of the township and fall under the federal economic guidelines to be eligible for the food.

## Sumpter man murdered Parents offer \$5,000 for son's killer

The stepfather of a 25-year-old Sumpter Township man who was murdered last week is offering a \$5,000 reward for information leading to the arrest and conviction of those who killed him.

The reward offer was made by Henry Ely and Clara Ely in hopes of finding the killer or killers, of Johnny Duane Fields whose body was found in the trunk of Ely's car last week in Washtenaw County.

Fields was shot twice, Washtenaw police said, in the back of the head and once in the eye before his body was stuffed in the back of the car.

Ely had reported his stepson missing the day before the body of the victim was discovered by Sumpter Police Chief Clinton Brown and a Sumpter Police officer in the car which had been towed to Ypsilanti Towing on Walter Street.

Washtenaw County Detectives have interviewed more than 50 persons in hopes to find clues to break the case. They said that they have several suspects, however, there is not enough evidence to charge anyone with the crime at this time.

Anyone with information about Field's death is asked to contact the Washtenaw County Sheriff's Department by telephoning 973-7711.

Sumpter Police Chief Brown said that because his department and Washtenaw law enforcement officials didn't know if the victim was killed in Sumpter or in Washtenaw, Washtenaw was handling the case and investigation.

### Romulus softballers, attention

The Romulus Recreation Department is seeking boys and girls for its summer youth softball leagues. The program is opened to softballers ages 8 to 17 years.

Registration will be accepted in the Recreation Building from 8:30 a.m. until 5 p.m. Monday through Friday. There is a \$10 fee to sign up, payable at the time of registration.

Those wishing additional information should contact recreation officials at 941-0666.

The adult softball leagues are filling up fast and teams wishing to enter should register without delay. Rec. officials say that individuals or teams may sign up at the Recreation Offices.

### Come and get it

Whipping up the pancakes and the publicity for the Romulus Kiwanis Pancake Breakfast and annual Crafts Sales are Kiwanians John Lewkowicz (from left), ticket chairman and Frank Andrews, past president; along with Lngg Coleman (Back row, from left), Roger Cadaret, William Simonds and Garold Hoffer. The local Kiwanis Club will hold its popular pancake breakfast beginning at 7 a.m. on Sat., April 23 with the craft sales going on simultaneously until 7 p.m. Tickets may be obtained from any Kiwanis member.

### New law dialogue

In a move to curb mortgage companies from increasing escrow amounts in anticipation of tax increases, Romulus City Treasurer Beverly McAnally has enlisted the help of State Representative Edward Mahalak to introduce legislation that would prohibit the act.

### Aid to homeowners

## McAnally urges new legislation to curb escrow tax hikes

New legislation is being studied that would control a mortgage company's ability to increase escrow requirements and house payments without factual need of the increase.

Suggested by Romulus Treasurer, Beverly McAnally, who thinks "it's hard enough for people to make their payments without having them increased in advance of events and contrary to trends," the bill is being drafted through the offices of State Representative Ed Mahalak.

"Our office collects the taxes," said Mrs. McAnally, "and we know that our residents are having a difficult time scraping together enough to keep their payments current when, in many cases, the chief wage earner is out of work."

"Making things more difficult, is the arbitrary 10 percent or more increase in escrow require-

ments imposed by the mortgagee in anticipation of increased local taxes."

"We have furnished a letter to be sent to mortgage companies that describes the current tax situation in Romulus, pointing out that all taxing units are at or within less than 1 percent of maximum without additional voted millage."

"In fact, that we have had a 6.38 percent reduction in our State Equalized Valuation which should have resulted in a reduction in escrow requirements," she added.

Mrs. McAnally said she requested the legislation because, "it is usurious for lenders to be able to increase the requirements and the amount of the monthly payment in advance of events, particularly with a severely depressed housing market and every indication that it will continue to be depressed."

### 'Walk for Hunger' set for May 15

The Belleville-Romulus Church World Service CROP Event Committee will hold a "Walk for Hunger" along Huron River Drive between Belleville and Romulus on Sunday, May 15.

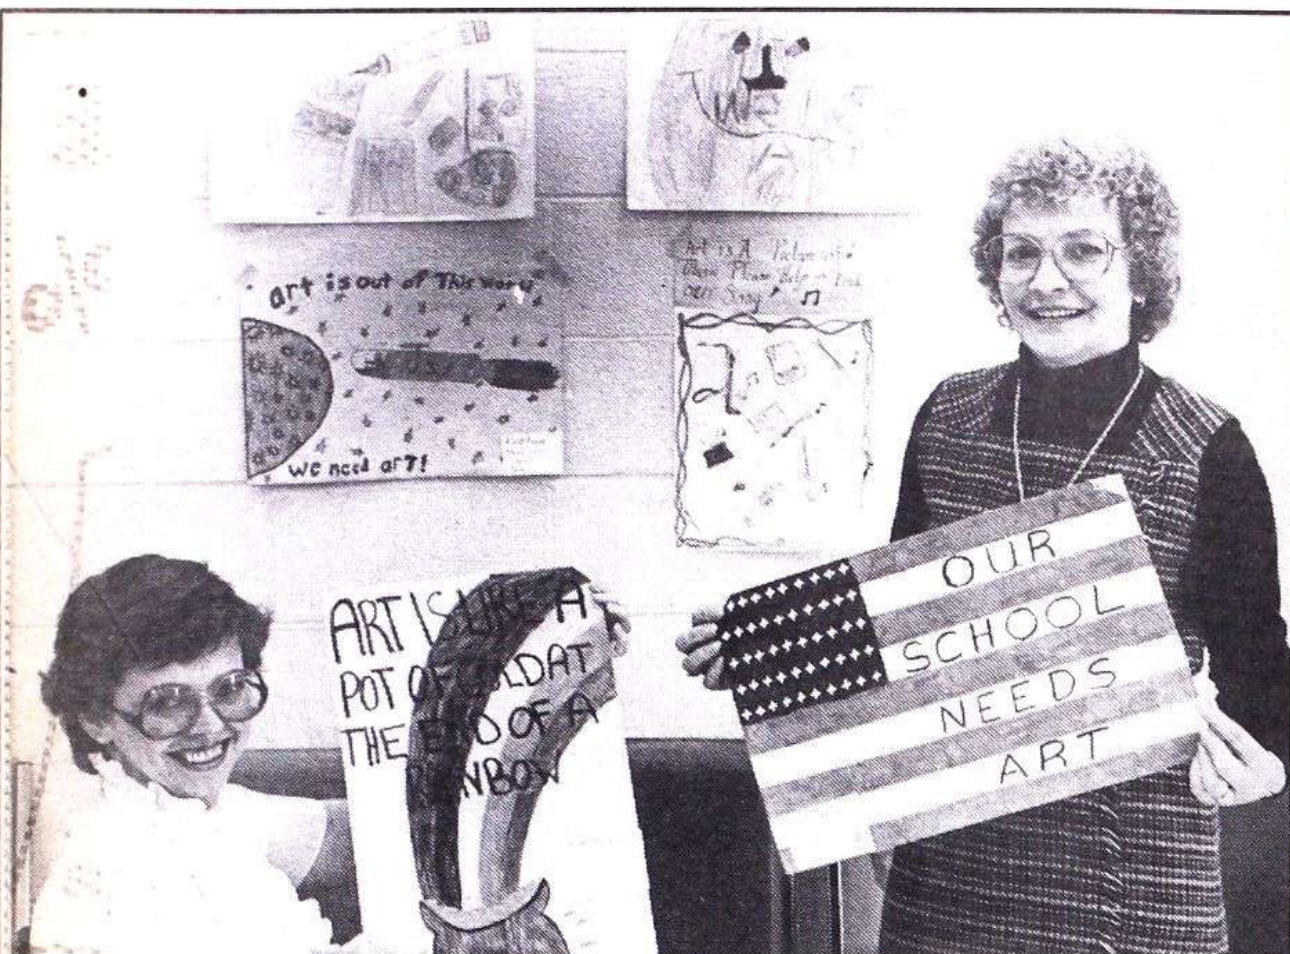

The event will raise monies for hunger projects locally and around the world through Church World Service. The Romulus Help Center, Wayne Metropolitan Community Services Agencies, Belleville United Methodist Church Food Closet and the Southeastern Michigan Food Coalition were recipients of monies from the November 1982 CROP Bike-A-Thon.

The May walk will begin at 1:15 p.m., with church groups walking from their respective communities to the other and return. Provisions will be made for rest and restroom stops along the way.

A CCB Club will be asked to provide communications between check points and pickup persons who are not able to complete the full ten miles. Help from the police departments at each end is needed during the first 15 minutes of the walk while people are crossing the "Five Points" of Belleville and Romulus.

For additional information please contact George Carpenter, Event Arrangements Chairman (721-0240).

## Art is like...

Displaying some of the posters submitted by Van Buren school district students who entered the recent Belleville Junior Study Club's "We-Need-Arts in Schools" contest are contest chairperson Kitty Davies (at left) and Delphine Dudick, Van Buren Township clerk and a member of the Study Club. Students were asked to create

posters using the theme. The posters are on display in the township hall this week, Ms. Davies said. "Our group wanted it to be known that we haven't forgotten our children and we're trying to reinstate art in the school curriculum," Ms. Davies said. "We hope we have driven home this message."

## Pittman vacates office

# Ficano is the new boss of county sheriff's department

After months of court dispute, Robert A. Ficano, a 30-year-old former deputy county clerk, assumed office this week as Wayne County Sheriff.

His adversary, former Undersheriff Loren Pittman, was ordered last week by Circuit Judge Paul S. Teranes to vacate the Sheriff's office this Monday.

The two have fought in court since the election of County Executive William Lucas, who claimed authority to appoint Pittman under conditions of the new County Charter. When Lucas named Pittman on Jan. 1, however, Ficano had already been appointed through a

three-member panel empowered by state statute to fill unexpired terms of elected officials.

Ficano said it was gratifying to be upheld by the court, and that "I've been anxious and ready to assume the responsibilities as Sheriff and I intend to do so immediately."

"From the start of this lawsuit, and from the day I was appointed Sheriff, we've maintained that the law is clearly on our side. I expect a smooth transition and I'm sure Mr. Pittman and Bill Lucas will be cooperative now that the Court has ruled," he added.

Said Pittman, "I respect and obey the law and I will abide by the

decision I've spent 38 years as a police officer enforcing the law." He noted that Teranes' decision was the first official action specifically ordering him to vacate the office.

Undersheriff for 14 years and prior River Rouge police chief, Pittman said this is the first time in 38 years that he has been unemployed. "Law enforcement has been my life's work," he said. "I'm very disappointed."

Asked about future employment Pittman said, "I don't know. I will have to assess my options."

# Faust to offer 'fair share' adult foster care legislation

Senate Majority Leader William Faust (D-Westland) announced this week that he plans to introduce legislation to establish a "fair share" standard in the location of adult foster care homes.

Faust said the proposed legislation, which would amend the Adult Foster Care Facility Licensing Act, would be introduced following the Legislature's return from the Easter recess.

"I believe this legislation will improve the over-all quality of the program to the benefit of the residents of these homes and the communities where they are located," Faust said. "It should also result in a more equitable distribution of foster care homes."

The Majority Leader, who said he worked closely with the Michigan Municipal League in developing the legislation, also said it would increase the role that local communities play in the site selection process for adult foster care homes. In addition, it calls for increased communication between the State Department of Social Services (DSS), which licenses foster care homes, and local communities where they are located.

"Any agency involved in this process must be sensitive to the needs of the local community and must work with community and neighborhood leaders," Faust said. He also said the legislation should help resolve the complaints that have arisen because of the concentration of foster care homes in certain areas and communities.

One of the most important sections of the bill revises and tightens the requirements for granting a temporary license for an adult foster care home. It stipulates that a temporary license may be granted without the approval of the local government only if all of the following conditions are met:

- The facility is not closer than 2,500 feet to another community placement facility.
- There is at least one community placement facility within each municipality in the county in which the home is proposed to be located.

- With the addition of the proposed facility, the number of community placement beds does not ex-

ceed the product of the population of the municipality multiplied by a fraction equal to the number of existing community placement beds in Michigan divided by the popula-

tion of the state.

• Evidence of compliance with local health, safety and welfare ordinances and state statutes is provided.

## Open House

The Huron Country-side Co-operative Nursery will host an open house on Thursday, April 28, from 10 a.m. until 2 p.m.

The nursery is located in Miller Elementary School in New Boston.

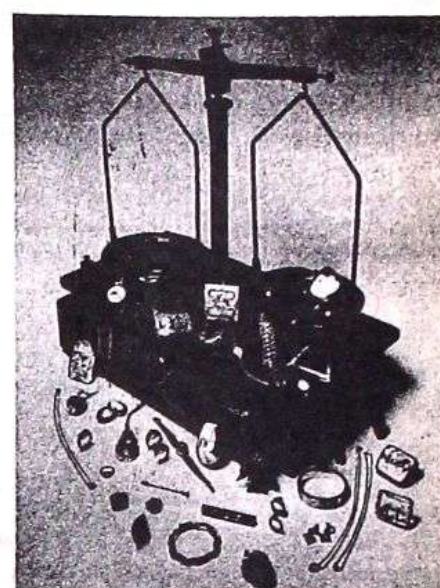

Anyone interested in a co-operative nursery school program for their child is welcome to attend the open house.

Members in the nursery will be available to answer questions and provide additional information regarding the cooperative nursery school program.

# Drive carefully and keep your license

“Drive carefully, keep your license and save \$25.” That’s the advice from Secretary of State Richard Austin who reports that a new law, effective March 30, requires the Department of State to charge a \$25 fee for reinstatement of a suspended, revoked or restricted license.

The fee is in addition to any fines or penalties leading to the loss of a license and will be charged for reinstatements made after March 30 regardless of when the license was suspended or revoked.

Austin said the law, enacted by the Michigan Legislature in March, applies to motorists who lost their license for an unsatisfactory driving record but not for mental, physical, technical or legal reasons.

‘Operation Identification’

Mark this officer’s words...and everything else

(EDITOR'S NOTE — This is the third in a series of articles written to help residents 'fight crime'. The author, Patrolman Cathy Horste, is with the Van Buren Police Department's Crime Prevention Bureau. Patrolman Horste also serves as the Crime Reduction Division Chairman for the Michigan Federation of Women's Clubs.)

Police Department

Many police property rooms are crammed full of valuable items that police have recovered, but are unable to return to their legal owners. TV sets, tools, stereos, bicycles and other costly items remain unclaimed because they do not bear any identifiable markings. Had such property been etched with the owner's state driver's license number, it may have been by-passed by the thief in the first place. But, if it was taken by a burglar and recovered by the police, the officers probably would have been able to locate the owner immediately through a simple radio check of the inscribed driver's license

number. Think ahead and consider these simple crime resistance rules about marking your property: • Etch a number that is unique to yourself. Your state's abbreviation and your individual driver's license number is readily traced back to you when etched on recovered property. (DON'T use your social security number- most local and county police agencies don't have access to information filed with social security..) • Mark your items permanently in a place that is readily visible and difficult to remove. • Mark all your valuables. TV sets, weapons, jewelry, and stereo sets are popular targets for thieves. Small items such as rings and watches can be marked by a jeweler without defacing the property. • Personal property thefts don't happen only from your home. Chances are, your employer marks company property with an identification number. Make sure you mark any of your personal property taken in to work with your driver's license number. If your child takes a tape recorder or calculator to

school, be certain that it is inscribed with your number before the item leaves home. • Photograph antiques, coins, stamps or other similar valuables that would be defaced by etching numbers upon them. Their natural

flaws, provable by photograph, will assist in identifying them for return. • Keep an inventory of your property. How and where you marked it, as well as any manufacturer's serial numbers on items, should be

Church to host supper

Willow United Methodist Church, 36925 Willow Rd., will host a chicken supper at 5 p.m., Wed., April 13 at its church facilities. Adults and children are welcomed. Donations for adults are \$4. while for children, ages 6 to 12, it's \$2.50. Children, five and under, will eat for free. For further information, contact B. Gotts at 699-6519.

Rat problem

The Wayne County Health Department is offering an evening program to assist residents on "How To Get Rid Of Rats." The program will include facts and fallacies about rats. What rat poisons are available. How effective the poisons are and what governmental help is or is not available. Registration is required. Please call Wayne County Health Department Offices at 326-4900 to register or for further information.

included on that inventory. Contact Crime Prevention Officer Cathy Horste, Van Buren Township Detective Bureau, 699-2003, for more information about "Operation-Identification." The marking of property, like all of crime resistance, begins and ends with you. Don't be any easy mark... when marking is so easy.

4. Motion by Y. Dienes, supported by A. Wierzbicki, to accept the annual Meeting Minutes of 1982 as read. Motion carried unanimously.
5. Correspondence — None
6. Acceptance of Petitions — None
7. Old Business
  - A. J. Brown questioned why the transfer of \$10,000 from 800-000 Planning Department fees to Youth Recreation was not done. Supervisor Reeves explained that a Pavilion has been built at Sumpter Park #1.
  - 8. New Business
    - Supervisor Reeves introduced Milton Mack, County Commissioner. It was suggested that the Pioneer Apartments either be sold or put to Township use.
    - Y. Dienes asked the status of the Pioneer Apartments. Was advised by the Attorney they are in litigation at the present time.
    - D. Welch asked the present status and future development plans for the Sherwood Park.
    - Supervisor Reeves answered by stating that if the monies become available there will be further development of the Park.
    - Morgan stated that the original plan called for a 4 to 5 million dollar program. It has been abandoned and no formal plans to develop the Park at the present time exist.
    - The Planning Commission, however, is studying an inexpensive way to start the development.
    - A. Motion by Y. Dienes, supported by J. Sliwa, to empower the Township Board to purchase Real Estate when needed and sell as needed, subject to a Public Hearing.
    - Motion carried unanimously.
    - J. Brown questioned the \$59,332 deficit for the 1983 budget. Banotai explained these were projected figures, not a deficit.
    - D. Welch asked what the Department of Public Works is. Water Department.
    - Y. Dienes asked about the Water Budget.
    - Motion by D. Welch, supported by J. Brown, have the Township prepare the Budget at least a month before the Annual Meeting. Motion carried unanimously.
    - Motion by J. Brown, supported by D. Welch, at each Annual Meeting, starting with next year, have the General Fund and Water Budget and expenditures ready for the citizens to review before the Annual Meeting. Motion carried unanimously.
    - D. Welch asked if the budget item for the Attorney was his salary. Attorney paid a retainer fee plus hours worked for Township. All meetings attended are included in retainer fee.
    - J. Sliwa asked why the utilities for the Fire Station has been cut and they now have two fire stations to operate.
    - Supervisor explained that all items are being cut, but if necessary the budget can be amended.
    - G. Dienes asked even though the Water Department is a separate department, it is still controlled by the Board, therefore shouldn't the Water Budget also be presented along with the General Fund Budget.
    - J. Brown asked who the Grants Administrator is. And where does the monies go that is allotted in the budget for the Grants Administrator.
    - Motion by J. Brown the \$5,000 Grant Administration be deleted from this budget and transferred to a special re-imbursement fund to reduce the line item that it should be used for. Motion withdrawn.
    - D. Welch asked why the Planning has been cut way down.
    - J. Brown asked why it is Engineer Planner. Asked that the Engineer and Planner be under proper separate headings.
    - Motion by D. Welch, supported by G. Dienes, to request Auditors be at Annual Meeting, at no additional cost, and go over the actual preparation of the budget. Motion carried unanimously.
    - L. Powell questioned the Capital Outlay under Elections, Clerk's Office and Police Department. Asked why no Capital Outlay for Fire Department.
    - Motion by J. Brown, supported by L. Powell, the General Fund Budget not be approved until it is sent back to the Supervisor Clerk, Treasurer and Auditors to be revised to reflect the actual projected cost for 1983-84. Motion carried unanimously.

Y. Dienes questioned the amount recommended for Urban Development and Housing. Reeves stated there is great need for Housing Rehabilitation. That amount has been applied for in a grant. Mrs. Dienes also asked about more street lights on the cross roads in the Township. Suggested if any grant monies left over, perhaps it could be used for that purpose. C. Hall asked about the Bank Depositories. Supervisor stated there will be another Budget Meeting within the next 30 days and that it will be published.

Motion by J. Sliwa, supported by A. Wierzbicki, to adjourn. Meeting adjourned at 2:15 p.m.  
Respectfully submitted,  
Louis P. Banotai, Clerk

NOTICE OF PUBLIC HEARING  
CITY OF ROMULUS -  
PLANNING COMMISSION

SUBJECT: Arcades: Proposed Zoning Ordinance Amendments to define, locate and regulate after special approval.

On Monday, April 18, 1983, at 7:30 p.m. the Planning Commission of the City of Romulus will hold a Public Hearing regarding the proposed amendments to the Zoning Ordinance. Said amendments are to adequately provide and regulate arcades within the City of Romulus, and reads as follows:

Amendment #1  
Include two (2) definitions of arcades in the ordinance.  
Amend Section 2.02, Definitions to add:  
Arcade, Type "A": Any place of business or establishment containing five (5) or more mechanical or electrical devices which provide amusement or entertainment, and which may be operated or set in motion upon the insertion of a coin or token. A Type "A" arcade shall always be regulated as a principal use even though another principal use is located within the same structure or on the same lot.  
Arcade, Type "B": Any place of business or establishment containing four (4) or less mechanical or electrical devices which provide amusement or entertainment and which may be operated or set in motion upon the insertion of a coin or token.

Amendment #2  
Amend the Zoning Ordinance to add a new section under General Provisions:

Add Section 4.37: Arcades, Special Approval for,  
A. Arcades (Type "A") as defined in section 2.02 shall be permitted only in the RC, Regional Center District, C-2, General Business District and C-3 Highway Service District subject to the special approval requirements of Article XXVII and to the special approval conditions below:

1. Written agreement by owner and operator to limit hours of operation so as not to negatively affect the operation of any adjoining or adjacent commercial uses or adjacent residential areas. The agreement shall include the provision of evidence to the Commission that adverse characteristics of arcades will be controlled and kept inside the building. Evidence may include any or all of the following:
  - a) Written plan to control loitering by owner/operator or working with City Police to control loitering near doors of arcade, adjacent uses and in parking lots;
  - b) Written plan to control parking by providing for the storage of bicycles and immediate reporting of parking violations to police;
  - c) At the discretion of the Planning Commission, imposition of performance guarantees in accordance with Article XXVIII, Section 28.03, of the Zoning Ordinance to insure compliance with the written plans and agreements;
  - d) Written agreement by owner and operator to control litter through hourly clean-up and the keeping of lot free of paper and debris;
  - e) Data which would indicate that compliance with all City codes and Ordinances is not precluded by site factors.
- B. Site Plan Review per Article XXVIII shall be required.
- C. Off-Street Parking: For each licensed machine located in a Type "A" arcade, a minimum of one (1) off-street parking space shall be provided in accordance with the provisions of Article VI "Off-Street" Parking and Loading Requirements". Required off-street parking for a type "A" arcade shall be in addition to the minimum off-street parking required for other uses on the lot.
- D. Type "B" Arcades: Type "B" Arcades shall be prohibited in the BT, Business Transitional District and in any zoning district in which the use occupying the parcel or lot is a private residence or use of similar private residential character.

Amendments may be obtained or reviewed at the City Clerk's Office, Romulus City Clerk's Office, Romulus City Hall during regular business hours.  
Written comments regarding this Public Hearing may be submitted no later than 12:00 p.m., April 18, 1983, addressed to the Romulus Planning Commission, 11111 South Wayne Road, Romulus, Michigan 48174, in care of: Vivian M. Armstrong.

Respectfully Submitted,

# Belleville musical chosen for European tour band

Veronica Anne Bober of Belleville has been selected for membership in the American Musical Ambassadors Band. The highly select concert band, composed of

VERONICA ANNE BOBER

outstanding high school and university students from all over the United States and Canada, will tour several European countries for three weeks in July and August.

Veronica, daughter of Mr. and Mrs. Ronald F. Bober, 50300 Arhanna, Belleville, is a member of the Lincoln Consolidated High School Band directed by Kenneth Bowman and Donald Harrel.

Professor Maxine Lefever, an assistant director with the Purdue University Bands and director of the AMA tour, has announced that conductors for the 1983 tour are Professor Stanley DeRusha, director of bands at Michigan State University, and Professor Craig Kirchhoff, director of bands at Ohio State University.

The tour group will visit Paris, Lucerne, Lugano, Milan, Venice, Innsbruck, Salzburg, Wiesbaden,

Amsterdam, and London. Highlights of the tour will include concerts in the concert halls and parks of Europe. Students will visit many sites of musical and historical im-

portance as well as the popular tourist attractions.

The purpose of the tour is to foster cultural and personal relationships between students of the United

States and the people of Europe. In past years students of the AMA tours, through their high standards of musical excellence and equally high standards of personal excell-

ence, have served as representatives of American youth and as ambassadors of good will through their music for audiences throughout Europe.

# Approve bonds despite hard times

Is there a more emotional issue than a school closing? The drama that is played on both sides of the line: the school board vs. the parents is as volatile as a Hemingway novel. Unfortunately, financial realities force school boards to make unpopular decisions and trustees become the "bad guys" in a "no win" situation. What parent or parents likes to ship their kids to other communities for their education? Few do. Most don't and won't. They argue it's not safe; it's disruptive; it's... you fill in the blank because you probably have used that argument recently. And the health of the public schools is directly tied to the health of the economy in the state. With the state mired in debt, it is slow in paying state aid to local schools. And, local schools, especially those that are "in-formula districts" which depend on state aid to survive, can barely do so.

When the money isn't there, schools and students suffer. That suffering is reflected in many ways. For students it means less programs, extra curricular activities; for schools as teachers drop out and seek jobs in industry. Those "born to teach", find that family and obligations come first.

All of the above is to warm up Romulus taxpayers for Monday's Special Election.

On Monday, residents of that school district have a couple of crucial decisions to make. One is a school board request for a 3-mill tax increase to help keep schools in operation.

If you consider taxpayers are paying approximately 35.5 mills for operation, less than most of the surrounding communities, and that there has been a drop in residential property taxes, giving them even a little more breathing room, property owners would be paying about the same taxes they did a year ago if the proposition is passed.

We can understand where the school officials are coming from when they say there would be no real increase in the present rate of school taxes if the taxpayers O.K. the package.

We agree. The second proposition on Monday's ballot is one no citizen should turn their back from. It's a request to approve a \$800,000 bond issue to help remove the asbestos from the high school ceilings and replace the high school roof.

Asbestos is deadly. If it finds its way into the human body it will destroy tissues and organs and inevitably lead to death.

We're urging all voters to approve the bond issue and end the asbestos problem for good.

## Being an adult about foster care

Is there a township or a city that hasn't been confronted recently with the "problem" of group homes? We believe not. Most, however, accept the placement, although reluctantly, without controversy and without threats of lawsuits.

Homeowners fear group homes for a wide range of reasons... most of them irrational. They argue that property values will decrease; they fear for their children; they fear that the retarded may cause fire or damage and some even go as far as to say that they fear sexual assaults.

These fears — when you're talking about the retarded — are irrational — and unfounded.

Most people who have attended public hearings when an applicant seeks approval for group home attend the meetings to protest. There have been many, many shouting matches and usually when all the shouting and arguing subsides, the courts get the case.

And, the courts, thus far, have ruled in favor of the group homes. It is becoming increasingly apparent that there is a showdown in the near future but, one thing is for sure, dissolving the community placement programs and sending the retarded back to the institutions is not the answer.

For centuries that's how the retarded have been "treated". Although some group homes have had their problems because those in charge have exploited their near-helpless inhabitants, there are hundreds of other homes — literally hundreds — which have escaped notoriety because the personnel have been doing the job.

It is unfortunate those placement homes do not get the publicity of others which, for one reason or another, become controversial. There has always been a fascinating dislike for those who are not the same as we are. Nonetheless, each and every one of us — no matter what the color of skin, race, natural origin and intelligence, has a right to our little corner.

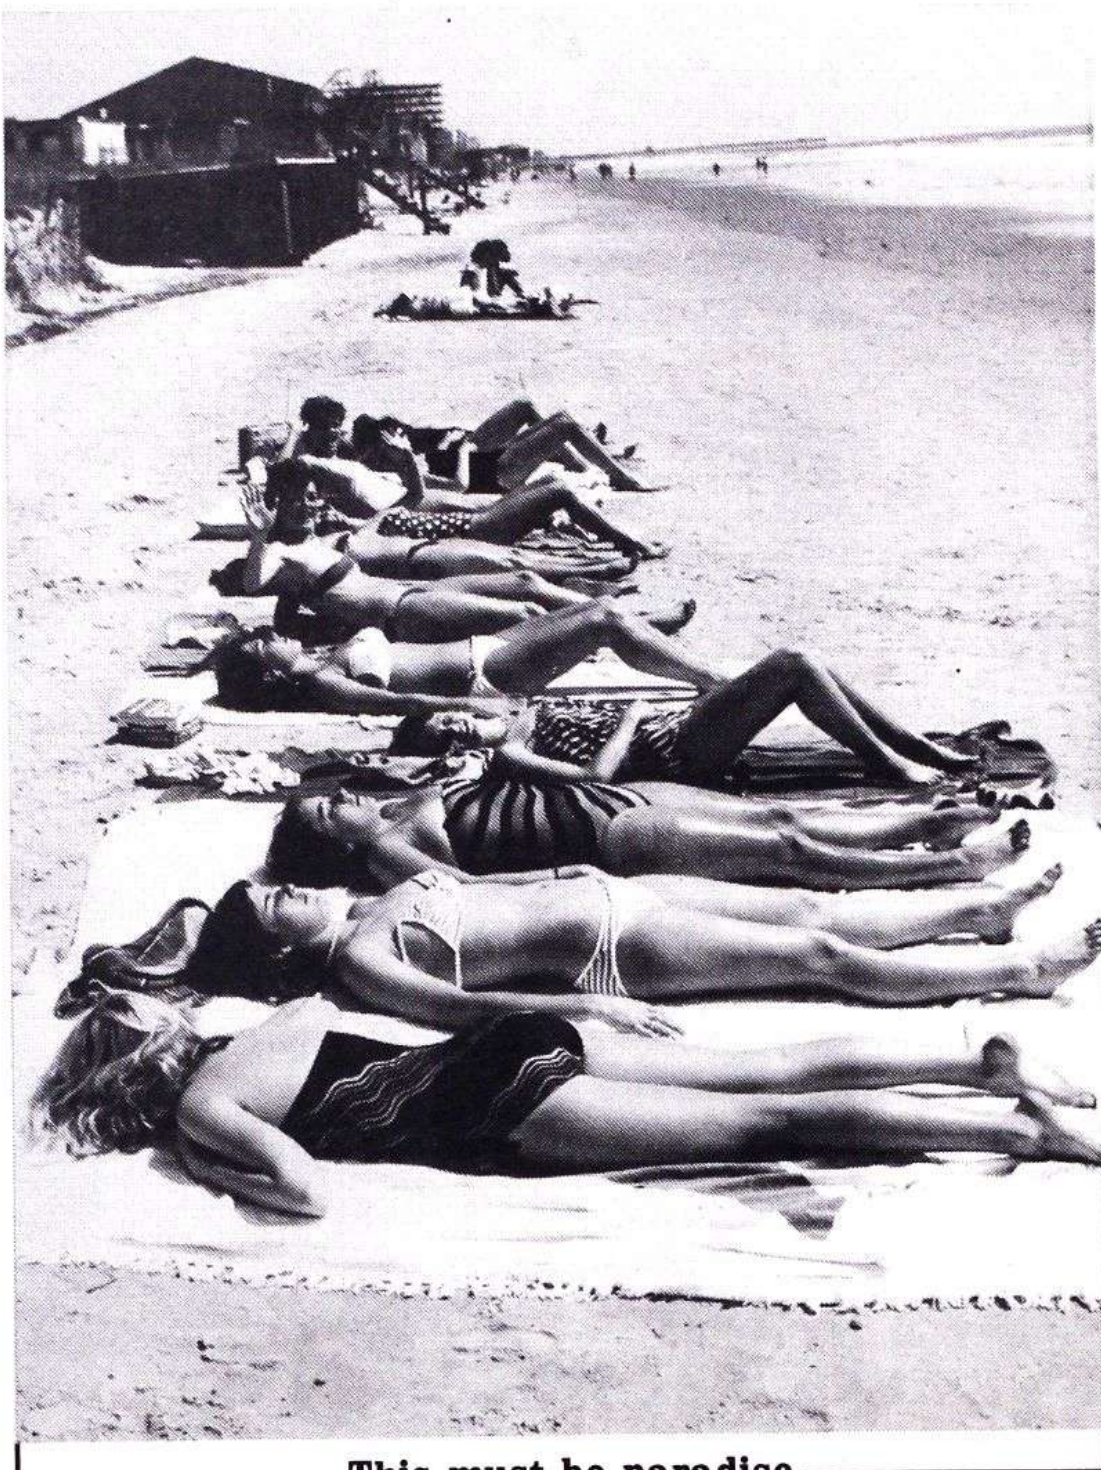

If one doesn't violate someone else's rights, isn't he entitled to the same consideration? Does being retarded violate someone else's rights?

We believe that any person — every person — has a right to a decent life as long as he can live in peace with his surroundings and his environment.

An if the retarded are willing, why aren't their neighbors?

# There's no huge profit in Girl Scout cookies

As the Executive Director of a Girl Scout Council, I am concerned about the implications in a recent article in your paper by Mona Grigg, about the Girl Scout Cookie Sale.

There were a number of inaccuracies about Girl Scouts, cookies, profits and procedures that I will refrain from detailing. However, in the interest of the truth, I would like to set the record straight about two important issues that were raised.

The Brownie Girl Scout in question was an isolated incident that has been resolved to the complete satisfaction of the girl and her parents and she is, in fact, still a member of a Brownie Troop albeit a different one.

The leader was indeed "zealous" as Ms. Grigg described but not in "hawking wares," rather in her collection procedures which are not the policy of this or any council.

The other issue has to do with the implication of "huge profits." The Girl Scout Cookie industry is indeed a multi-million dollar business nationwide. When we consider that it represents 336 different councils providing program and membership to more than 3 million girls, the profit does not seem quite so "huge."

Ms. Grigg's implication that somebody is making huge profits without identifying that

somebody skews the real picture. We are happy, no, eager, to identify where the profits are used and how much they are.

Of the \$1.75 current price of cookies in 1983, the manufacturer's price was 73¢, the troop profit was 25¢ per box and the average troop profit was \$329.75 not for spending money, but to provide troop program for the 15 or 16 girls in that troop for the year.

The remaining 77¢ is used by the council to extend membership opportunities, provide expanded and enriched programs, to assist those girls who require assistance and to train and provide support services to a large core of dedicated, talented volunteers who directly provide program for the girls in their troops.

The unidentified "somebody" in Ms. Grigg's article is in fact those little girls in brown and the bigger girls in green who benefit from the communities' support of the cookie sale.

The really sad and unfortunate result of an article such as this one is that it generates suspicion about Girl Scouting and about their fundraising efforts unnecessarily and serves only to hurt the girls Ms. Grigg zealously professes to protect.

# That gas tax hike paves roads for good highways

We started paying an extra nickel per gallon at the gas pump on April 1. It's the federal gasoline tax hike recently passed by Congress.

The temptation is strong to grouse about the government hand digging deeper into our pocket, but this tax is different from most. It is different from a tax to pay for programs and facilities not used by the taxpayer. It is a fee we pay to use highways, just like the fee we pay to see a movie. The money raised will keep the highways we use in good condition.

There always will be differences about the fairest way to divide costs among highway users, but everyone agrees that highways need help. On a constant-dollars-per-mile-of-travel basis, our investment in highways has been cut

almost in half in the last 10 years. The consequences show! Potholes, rusting guardrails, worn bridges, and traffic congestion are familiar signs of neglect that increase driving costs, lengthen driving times, and reduce efficiency in business.

No one likes taxes, but the adage remains: "We pay for good highways whether we have them or not, but we pay more if we don't have them."

We would rather pay now and have good highways. The 5¢ gas tax increase is the least painful way to meet our travel needs.

## the other side of the Meridian

# 'A magnum deal'

Tom Mooradian  
Managing Editor

There was a high-spirited debate last week in the Inkster City Council chambers. The dialogue focused around whether the city, a recipient of over a \$1 million in Community Block Grant Funds (for a three year period) should stake London Motors, an Inkster-based luxury car firm, to a \$300,000 loan.

The car-builders say that if they were approved for the loan they would be able to expand and bring in local people to work for them.

The name of the game nowadays, ask any person, is to create jobs and if you're lucky to have one, hang on to it.

Now there is well-publicized precedence in such transactions. For example, didn't our taxpayers' monies keep Chrysler Corporation from going down under?

And \$300,000 isn't like \$1 or \$2 billion which Iacocca's people got.

On the affirmative side stood Mayor William Daniels and councilman Ernest Hendricks. They believe that if \$300,000 were loaned out to the company, jobs would be created.

On the other side stood firmly councilmen Willie Johnson, James J. Colleran and attorney Patrick O'Neil. Although they understood the need for jobs, they said, the monies were allocated, after all, for rejuvenating Carver Subdivision, a subdivision that has shown its wrinkles and is crumbling.

The rehabilitation of the Carver Subdivision was launched back in 1975 and more than \$2-million has been spent on the project. Some believe the monies went to good use; others completely disagree.

Hendricks, one of the articulate spokesmen for the group, argued that he was for the Carver Homes Subdivision, "but instead of the 28 homes targeted to be rehabbed each year, maybe we could do 15 or 20 and the other monies spend in other areas."

Of course, Johnson didn't buy that. Since he represented the good people of Carver, then the good people of Carver should get the money.

He assured his friends on council that his people would rather fight than surrender those funds.

"Our mayor pointed out in his State of the City address in January that this federal money would probably be the last we would get in the foreseeable future. I have discussed this with the residents of Carver homes and they insist that if council plans on using the funds in any other fashion than originally proposed, then a public hearing should be held."

Colleran who is suspicious of about anything the city transacts and is cautious when it comes to giving out huge sums of money, asked council to "not rush in and approve a loan."

"I think he (the company's owner) should provide us with a profit and loss sheet and a Dunn and Bradstreet report before we take another step," Colleran said.

And you can bet that the councilmen will not move quickly on this one.

After all, look at what happened in the Magnum deal.

And isn't this an odd year, a year for elections in the cities?

## The Bottom Line:

Don't be annoyed when your children ask impossible questions. Be proud that they think you know the answers.

## Councilmen have other obligations

**EDITOR** — Over the past few months there have been letters to the editor concerning the absence of Westland Councilmen at certain functions or meetings that have been called by the Mayor Pickering for the public to attend.

What is misleading about these statements is that the Mayor does not ask the council to attend even if they are available. This includes the Mayor's Ball that one writer referred to as a fund-raiser for feeding the poor.

One must remember that members of the council have full-time jobs, families, represent the City at commission meetings, such as PCHA and Nankin Transit Commission, attend church functions and other civic commitments.

I, along with other councilmen take exception to criticism as to why we do not always show up for the Mayor's functions.

Many times, particularly recently, when the Council has meetings scheduled and published publicly the Mayor and many of his staff do not bother to attend causing these meetings to be rescheduled taking up more time.

As editor of this newspaper, before you would print these letters you might want to research where council people were and note it below your reader's letter. As council people we want to be out in the community, but we cannot be at every meeting sche-

duled by the Council, Commissions, and the Mayor.

## In any language, it means love

**EDITOR** — In Polish, it's dziękuję — In Italian, it's grazie — In German, it's dankenschoen — In Spanish, it's gracias and in English, it's thanks!!

In any language, the "We Can Share" committee, is eternally grateful to each and everyone, who gave so wholeheartedly during the month of March. Our joint efforts doubled the amount of food received.

Please remember, if you need a meal, no questions are asked, just pop in at the Community Baptist Church, 6200 Fourth St., in Romulus, anytime between 11:00 a.m. and 1:00 p.m. Adonna Buckley, who volunteers her time and services, gives everyone a warm welcome.

We ask you to continue your "can" sharing, together we hope to make this project grow so that no-one need ever be hungry again.

## Good experience with business

**EDITOR** — This letter is being written so that I may convey to others the pleasant experience I recently had when I went back to Atchinson Ford Agency with my van, which was purchased from them and the source of my complaint.

We talked about the problem and expressed a sincere desire that we could arrive at an amicable agreement.

I am happy to report that my problem has been resolved, thanks to Kurt Atchinson and the Ford Motor Company. Because I feel so strongly about doing business with local business-people and especially American-made products, let me suggest the following as a good (and oftentimes) most beneficial manner in which to handle various consumer problems: First, Take the problem back to the dealer (place of business). Let him see the problem. Talk to each other on a one-to-one basis; Second, Be patient. The dealer (businessman) will, in most cases, work with you and for you to arrive at a reasonable solution; Third, Be reasonable. Our American companies and workers are trying to improve their product and image. They know we all have suffered because of alleged poor quality and workmanship. They want satisfied customers — customers who will come back again and again.

They (the businessmen) need us, and we need them. American-

made products and consumer confidence can be great again and if we all cooperate and help each other by being reasonable, we can help the economy snap back!

And so, Mr. Atchinson, because you have handled my complaint in a truly fair and honest manner, you can be sure that I will not hesitate to "sing your praises." I've said it before and I'll say it again, it is indeed a pleasure to do business with our own local (hometown) business people.

What with the present economic conditions being as they are, you and I both know, as perhaps never before, a satisfied customer says it all. Therefore, I will sign myself as —

A Satisfied Customer,

## A problem with smokers

**EDITOR** — I am a customer at the Wayne Bank on Park St. in Wayne.

I have a bad heart and have a hard time breathing when there is a lot of cigarette smoke. When you get in line to wait for a teller to help you there are people behind you smoking and people in front of you smoking, you are trapped in between these people because of the line.

I have called the bank and talked about this to a lady, and she said she would tell the manager about this problem. Nothing has been done.

So one day when I was at the bank I talked to another person. I told her my problem and I am sure there are a lot of people who feel the same way about this problem. I asked her why couldn't they put a "no smoking" at the beginning of the line. Well I believe the way she acted was we will lose customers if we do that.

Well restaurant people think enough of there customers to have "no smoking" areas, and they haven't lost any of there customers.

Why can't the line be a no smoking area. As far as going to the drive in area it's worse. People let there cars run and you smell fumes from the cars, so I think a no smoking sign would be good if they care about all of there customers. I am in no way trying to put down the Wayne Bank I think this is the best Bank in this area except for this one particular problem.

## Metro-Wayne Dems say, 'thank you'

**EDITOR** — As president of the Metro-Wayne Democratic Club, I would like to share with you this opportunity to express my gratitude to our club and its members who have given of themselves to the "Operation Food Program" and Surplus Food Distribution Programs sponsored by the club to service the needy residents from the city of Wayne.

Special Thanks goes to Dave Kubitski, of Second Street Market, Patricia Hough, Department of Social Services; Robert Smith, Dick Lewis and Robert Quasada for their individual efforts in the organizing of pick-up and distribution of potatoes donated by Robert G. Davis & Sons Potato Farm located in Carson City, Michigan.

About 20,000 lbs. of potatoes were distributed on March 25 and 26 to Wayne residents and surrounding communities. On April 1 and 2nd, 44,000 lbs. of potatoes were again distributed to Area Residents with April 4th and 5th designated to include all of Wayne County residents.

Last month the club's volunteers serviced over 1,125 families in Wayne through the Surplus Food Distribution Program.

Other volunteered assistance included grocery bags donated from Bellmont Bag Co., A&P and Kroger of Wayne and United-Wholesalers. Lunch was pro-

vided for the volunteers by Famous Recipe F. Chicken and George Demetris of Golden Bay Restaurants.

The rigs and trailers were donated by Pitriela and Sons, Wolnesine Trucking and Mr. Duffy of Jones Transport Co. in Romulus with Wayne Martin volunteering his time as a driver for the first distribution.

Being part of a program that services our community and generates such genuine caring and sharing amongst our neighbors has been more rewarding from within than any words could express. So, I'll close with a big "thank you".

## Tribute to Marge 'great'

**EDITOR** — Just had an opportunity to read Managing Editor Tom Mooradian's column about former Dearborn Heights Leader Publisher, Marge Webster.

Believe me, Mr. Mooradian, did an excellent job in capturing this dynamic woman's philosophy and dynamics of life. Marge was one newspaper woman who the profession can be proud of. She was devoted to the cause of bettering her fellow man and putting people who deserved it into place.

We will always remember her and let me say this that most people who attended Marge's Memorial Services last Sunday read the column "Death of a Newspaper Woman" and thought it was a beautiful tribute to a wonderful woman.

## Do parents see 'stolen goods'?

**EDITOR** — Could you please print the following. I really don't expect results — it just makes me feel a little better to write this letter.

I wonder how many parents are observant as to their children's newly acquired possessions.

If your child "found" a blue Van Halen hat with 20 rock group buttons, it was taken Sunday, March 27th at 5:45 p.m. outside the Quo Vadis Theater.

It's worth \$32 to someone else, but more to him as it took a lot of time and saving to collect the buttons.

## 'The Poet'

*A method of learning  
That touches the soul  
Remaining for ever so long,  
Is poetry's magical melody rhyme  
That moves every heart with a song.*

*Words can be noticed  
With emphasis clear  
To capture a thought or two,  
And put in a verse that catches the mood  
In just the right moment for you..*

*A poet's an artist  
With letters for paint  
And a brush of imagination,  
To brighten the hours  
In every day's life  
With love for an inspiration.*

*There's always a message  
In some little book  
Of solemn and ardent delight,  
The flowing pen of some poet's joy  
Is sprinkled on pages of white.*

## reflections

## Thanks for the memories

**HEMET, CALIFORNIA.** My sister and I were trodding down memory's lane the other afternoon. We looked at pictures and read old letters and laughed together over things we remembered from childhood.

I had just whacked off a bit of my hair, and that brought floods of memories of our mother getting her 'shingle-bob' for the first time, and how all the women in the small town of Grangeville, Idaho were going for the 'new look'.

One hold-out was a huge German-born woman who lived directly behind us, and who had a habit of standing with arms folded one over the other, and scratching the part of her that her fingers touched.

"I will never," she said in her

German dialect, "Never, never do such a sin. The Bible says plain as the nose on your face that women should never cut their hair."

Now this woman had a son called Amos. She was crazy about that kid, having had him after she had lost all hopes of ever having a child, and her world evolved about him. Amos was just our age.

As anyone knows who has ever been a kid, or had kids, kids can be mighty cruel.

And so we were with Amos.

Across the street from his house was a huge sandpile where we all played. And where we tormented Amos.

We teased him about his clothes, and we teased him about the smell of saurkraut that al-

ways hung heavy in the air wherever Amos was, but most of all we teased him because his mother had long hair and our mothers, ah OUR mothers were young and had shingle bobs.

Amos fought back pretty valiantly, throwing sand in our hair, and whacking us over the head with boards and sticking toads down our necks, but there were five little girls, and he was just one little boy.

But he was thinking, and that thinking showed up one day when his mother came out on the porch, and with arms akimbo, scratching away, called, "A...moos." And Amos didn't move.

"Your mother is calling," we told him.

"I don't care," he muttered.

**JOYCE HAGELTHORN**

Well, naturally, his mother came and got him, but even in her anger, she was gentle with him, and apparently her gentleness is why Amos must have told her his feelings, for the very next day came the incident which fifty years later still cracks me up.

The German-born, hardly English speaking woman took herself to the barbershop, plopped herself into a chair, right next to the one my father happened to be occupying and shouted,

"I vant my hair cut...like a man's behind!"

**MONA GRIGG**

riend from Detroit who was passing through and overheard a conversation in a local business in which several people were upset and pretty concerned with the actions he had taken (declaring "marshall law").

Hill said that one person had even stopped by his office to apply for one of the positions mentioned in the story.

Bruce Cross wonders what went wrong: Did people just not read the story carefully enough, or did they just have a lot of faith in the truthfulness of the "Leader and Kalkaskian?"

I can't say for sure, Bruce, being a "part-timer" up there, but my guess is that the people up there, having lived with that particular government body for so long, aren't surprised at anything. (Remember, Bruce, a few years back, when Superintendent Wilbur Hatley refused to ride behind the Grand Marshal in the parade until the Grand Marshal apologized for punching him in front of everyone at the council meeting? And we think we've got troubles.)

have to cut back on school crossing guards and police escorts for wedding processions..."

At the very bottom of this headline story, it concluded that: "Hill is scheduled to make the appointment of the remainder of his aides sometime tomorrow, including marshall law officers, fire officials, and public safety personnel. Anyone interested in any position is reminded that Thursday is April Fool's Day and we are all eligible for that position."

Ha, ha! That's rich! It was an April Fool's joke. No wonder "martial" was spelled so funny. Well, that was fun...

But then, the following week's paper, this time in the bottom left corner of the front page, there was a follow-up to the story. It said, "A spoof article in last week's Leader and Kalkaskian has turned out to be more than a little joke to Kalkaska village officials, as they have been besieged with calls from citizens."

The article, written in slightly shame-faced fashion by perpetrator-reporter Bruce Cross, went on to say that the original article was apparently "not explicit enough in the fact that it was merely a spoof."

Police chief Hill (mayor-for-a-day, remember?) said he had a

laimed: "Chief declares 'marshall' law, mayor is relieved." The story went on to say that the mayor had suffered a severe nervous breakdown, one of the symptoms being that "he has been under the impression that he has been on vacation in Florida."

Police chief Mel Hill called a hasty press conference, stating that he had appointed himself the new village president and had appointed his twin brother, Mike, as police chief and superintendent of the village.

Mike, the new police chief, said that it was a great honor to be appointed as police chief and superintendent, although he did have his heart set on the sewer and water administrator's position.

When the new mayor, former police chief Mel Hill, was asked how long he thought marshall law would be in effect, he guessed that he and his brother would probably finish out the fiscal year and then annex Grand Traverse and Crawford Counties to cover any budget deficits that might occur.

"For right now," he said, "we just want to keep the government operating in absence of the village council members, who have all been relieved of duty."

"However, we may eventually

## A story gone awry . . .

Just back from vacation and feeling pretty mellow, what with spending the last few days doing little more than making ice cubes out of the lake's remaining ice floes by crunching the boat into them, and taking an entire roll of film photographing the same rotted tree stump (albeit from different angles, with different lenses, and at different settings).

It was nice — and, no, I'm not glad to be back — although, if I never came back, I would never have anything to look forward to by going again. (I did a lot of deep thinking, too, while crunching ice and shooting tree stumps.)

I am feeling so mellow, in fact, that I'm just barely going to make mention of the fact that there is a "typo" in the third-to-last paragraph of my last week's column that renders the entire paragraph very near meaningless.

Normally I would be close to tears over such a thing, but I'm making light of it because it pales in comparison to the nutty blunder in the March 31 issue of the "Leader and the Kalkaskian," the newspaper covering the area at our home-away-from-home.

At the top of the page, above the banner, the headlines proc-

## Heading for state's test

Romulus High students fared well at the recent regional auto contest and qualified two of their members for the state meet. Those who competed and their instructors included Dan Diebel, instructor, (first row, from left), Ted

Thompson, Carl Bath, Lee Wilcox, Tracy Tressler and instructor Doug Hoffman; second row are Richard Watts, Frank Nehila, Don Lorbeska and Ken Kuhn.

# Romulus High students qualify for state auto competitions

The Romulus High School Vocational Industrial Clubs of America fared well at the club's Region II Skill Contest.

Ken Kuhn, Carl Bath and Lee Wilcox represented the Small Gas Engines Program and Don Lorbeska, Ted Thompson, Richard Watts and Frank Nehila were in the Auto Mechanics course.

Kuhn, Carl Bath, Lee Wilcox, Don Lorbeska and Ted Thomp-

son — put forth a fine effort as Romulus High's representatives. They found the competition to be a fine learning experience as well as an enjoyable one. "Our school and community can be proud of these young men as well as all members of this group at the high school. Also, a word of thanks to Ramon Hobdy, Special Needs Technical Aide," school officials pointed out.

Richard Watts and Frank

Nehila placed among the top three positions in their district competition. The actual positions will be announced at an awards banquet, but they will compete in the state competition scheduled for May 15, 16 and 17. The two students as well as faculty advisors, Doug Hoffman and Dan Diebel, who are instructors in the Small Engines and Auto Labs, are preparing for their state challenge.

# Romulus horsemen to hear St. Pierre

Horsemen are people for all seasons.

But, in spring, it's even a more special time than ever for these people.

"For spring is traditionally a clean-up, fix-up time for horsemen," said Charlotte McBride, President of the Romulus-based Horseman's Association.

And with that, Mrs. McBride said Jim St. Pierre, a New Boston businessman, will be the guest speaker at the group's April meeting.

Pole barn construction and the variety of pole barns available as well as certain design features are important. Whether or not to insulate to fight condensation, and the uses of pressure treated lumber and the cost factor of an indoor riding arena for the backyard horseman,

against the benefits of year-round training — these are key factors.

"A constant concern of horse, and livestock, owners is inexpensive, but strong, fence construction and Jim will help us in that area," Mrs. McBride said.

"We feel fortunate to have Mr. St. Pierre available to guide the many spring improvements and repairs needed on our farms after a winter's wear and tear," Mrs. McBride added.

The New Boston Lumber Company is located at 36500 Sibley Rd., New Boston, and was opened on January 1, 1978 to serve the farmer, homeowner do-it-yourselfer, as well as the contractor. Their reps have always had time and friendly advice in designing a building to suit an individual's needs. Complete packages on garages, pole

barns, or single pieces of lumber.

Brand names like Anderson windows, Armstrong ceilings, Owens Corning Insulation, and a complete line of hardware, plumbing and electrical supplies are available.

## '3 keys to '83'

## FOOD FOR THOUGHT

By John Brimble

Chicken pieces dipped in melted butter, then rolled in seasoned crumbs, can "fry" in a 375° oven for an hour to beautiful crunchiness.

There are stuffed peppers — and then there are crisp peppers stuffed with cold blanched broccoli, carrot slices, pepper strips, and onion. Wow! Top with garlic cream dressing.

Nuts keep better in the shell, several months in the refrigerator, for years in the freezer. To re-crisp them, heat in a low oven.

Roll cakes should be rolled up while still warm, or they may break. (Unroll when cooled to fill with whipped cream or ice cream.)

Add homemade flavor to canned chicken broth. Simmer a half hour with onion, celery, and carrot.

You'll find homemade flavor — and home hospitality, too — at

## Dress up coffee for special events

This mouth-watering array of beverage-desserts extends an invitation to springtime and special occasions. All of these recipes share a common ingredient—Sanka brand 97% caffeine free coffee — so whatever the occasion, they are just right for you and your guests.

Linger awhile with good company and Coffee Cordial on the Rocks. This spirited beverage, delicately spiced with orange peel, goes particularly well in old-fashioned glasses.

Hot mocha beverage and cognac make for a Happy Marriage, perfect for after-dinner or just-dessert. Serve in demitasse cups and top with a dollop of whipped topping.

Entertaining a crowd? Set up a bowl of Coffee Punch, a delicious milk punch flavored with sherry. Garnish with whipped topping and sprinkle with nutmeg.

For a sophisticated version of a thick shake, your company will love Coffee Peach Frappe, a tempting mixture of coffee, peaches, ice cream and bourbon. This elegant dessert can be served in tall glasses or in punch cups.

Your prettiest dessert glasses, a straw and a spoon do justice to Coffee Slush, a refreshing coffee-flavored ice. Garnish with more whipped topping and enjoy this frothy treat.

### Coffee Cordial on the Rocks

- 3 tablespoons freeze-dried decaffeinated coffee
- ¼ cup sugar
- 3 cups cold water
- ¼ cup brandy or rum
- 8 strips orange peel

Measure coffee and sugar into pitcher. Stir in cold water. Add brandy or rum. Pour over ice cubes in old-fashioned glasses. Twist 6 long strips of orange peel, place on a skewer, if desired, and add one to each serving. Makes about 3 cups or 6 servings.

### Happy Marriage

- 1 tablespoon plus 2 teaspoons freeze-dried decaffeinated coffee
- 3 tablespoons chocolate syrup
- 1 cup milk, scalded
- 1 cup hot water
- 2 tablespoons cognac brandy\*

\*Or use 1 tablespoon brandy extract. Measure coffee and syrup into pitcher or carafe. Add scalded milk and hot water and stir until coffee is dissolved. Stir in cognac and pour into demitasse cups. Top with a dollop of prepared whipped topping. Makes 2 cups or 5 or 6 demitasse servings.

### Coffee Punch

- 6 tablespoons instant decaffeinated coffee
- 2 tablespoons sherry wine
- ¾ cup sugar
- 3 quarts cold milk

#### Prepared whipped topping

Combine coffee and wine in a bowl or in electric blender container. Beat with a rotary beater or 30 seconds at high speed of electric blender until coffee is dissolved. Add sugar and 3 cups of the milk and beat until blended. Pour into punch bowl along with remaining milk; mix well. Top with dollops of whipped topping. Sprinkle with nutmeg, if desired. Serve in punch cups. Makes about 3 quarts or 25 servings.

### Coffee Peach Frappe

- 3 tablespoons instant decaffeinated coffee
- 1½ cups cold water\*
- ½ cup bourbon\*
- 1 can (16 oz.) sliced peaches, chilled
- ¼ teaspoon ground nutmeg
- 1 pint vanilla ice cream

#### Crushed ice

\*Or use 2 cups cold water and 1 tablespoon imitation rum flavor.

Dissolve instant coffee in cold water in a medium bowl; stir in bourbon and set aside. Reserve 5 small peach slices for garnish, if desired. Combine remaining peaches with syrup, the nutmeg and about 1½ cups of the ice cream in blender container. Blend at high speed until smooth. Add to coffee mixture; blend well. Serve in tall glasses over crushed ice or pour into punch cups. Top each serving with a small scoop of the remaining ice cream. Garnish with reserved peach slices and mint sprigs, if desired. Makes about 5 cups or 5 large or 10 small servings.

### Coffee Slush

- ¼ cup sugar
- 1 teaspoon unflavored gelatin
- 2 tablespoons freeze-dried decaffeinated coffee
- 3 cups boiling water
- 1 cup prepared whipped topping

Combine sugar, gelatin and coffee in a bowl. Add boiling water and stir until ingredients are dissolved. Pour into 8-inch square pan and freeze until firm, about 4 hours. Just before serving shave frozen coffee mixture into fine pieces by scraping with metal spoon. (If mixture is too firm, let stand at room temperature a few minutes.) Fold in prepared whipped topping. Spoon into dessert glasses. If desired, garnish with additional whipped topping. Serve immediately. Makes about 4 cups or 8 servings.

## Faye Sotomayor to hold gavel at BPW sessions in 1983-84

The Belleville Business and Professional Womens Club selected 1983-84 officers during its April 4 meeting with Faye Sotomayor named president; Sophia Zoller, president-elect; Connie Stoelton, vice-president; Rea Relyea, recording secretary; Gwen Ashe, treasurer, and Mabel Hall, corresponding secretary.

The Public Relations Committee was in charge of the program. Ruth Pollard, chairman, introduced the Rev. George Spencer of the First United Methodist Church of Belleville who spoke about the life and

options available for a patient of kidney failure and transplant.

Delegates and members will attend the District XIII meeting in Trenton on April 13. BPW's Young Careerist, Eleanor Kostecki, will attend and compete for the District Young Career Woman Award.

A certificate of recognition was presented to Margarite White and Connie Stoelton by President-elect Sotomayor for an outstanding job on the Spring Fashion Show.

Sandy Sparrow, a Junior at Belleville High School, will receive the 1983 scholarship to Girls State in

Lansing in June. The club's annual progressive dinner will be held May 7 at 4 p.m. Guests are welcome to attend this social occasion.

Members voted to participate in the Strawberry Festival Parade again this year and have a booth to sell strawberry jewelry and other new items.

There are 10 members planning to attend the State Convention May 20 - 22 on Mackinac Island.

Mary Ferrett, chairman announced the Annual Spring Trivia and Treasures Sale will be April 23 at 122 South Street.

## New on the scene

### JIMMY DEWAYNE O'CONNOR

The March 26 birth of a baby boy is being announced by Jim and Marcy O'Connor of Clare, MI., formerly of Romulus. The new heir, who was titled "Jimmy Dewayne", put in his appearance at 5:30 a.m. at Clare Osteopathic Hospital.

The 6 lb. - 10¼ oz. newcomer, who measured 19 inches, is the new baby brother of Kristina Mae O'Connor who's 1-year-old.

Born on his Aunt Margie Laginess' birthday, he is the grandson of Merry Laginess and Marvin and Pat Holton, all of Romulus, and the great-grandson of Mr. and Mrs. Gilbert White, also of Romulus.

### SEAN PATRICK TACKETT

"Sean Patrick" is the name chosen for the new baby son born April 2 to Susan and Myron Tackett of 210 Henry St., Belleville.

The 7 lb. - 6¾ oz. infant, who measured 21 inches, bowed in at 2:45 a.m. at Annapolis Hospital in Wayne.

He is the baby brother of 2-year-old Erin Leigh Tackett and the grandson of Mr. and Mrs. Charles Tackett of Wayne; Mr. and Mrs. Richard Youngs of McClure, O. and Mr. and Mrs. William Phalen of Toledo, O.

Great-grandparent honors go to Mrs. Grace Morris of Toledo, O. and Mrs. MaMu Hayes of Olive Hill, Ky. Sean's mother is the former Susan Phalen.

## potpourri

By Lee Smith  
Suburban Living Editor

To a kid, it's "mush." To a girl, it's "bliss." To the cold-blooded scientist, it's simply "the juxtaposition of two orbicularis oris muscles in a state of contraction."

What, you ask, am I talking about? Would you believe, that pleasurable proposition — a kiss?

Kisses have been known to cause wars, strengthen peace, seal men's doom. Where and when it all began no one really knows, although there has been a good deal of theorizing.

According to research, the Greeks considered kissing a precious gift from the gods. But, in the opinion of a few sour philosophers of the Middle Ages, kissing was a practice stemming from the devil.

Early naturalists thought of it as a "modified bite" a holdover from our primitive cannibalistic past. Charles Darwin tried to trace the kiss back to the act of lower animals who seize their prey with their teeth.

Whatever its origin, kissing during its long history has given rise to a host of superstitions, several of which we still observe today. For instance, did you ever wonder why men line up to kiss a new bride (other than she's pretty and it's a "freebie"?). They do so (unknowingly these days) because of an old English belief that all who kiss the bride after the ceremony will have good luck for a year.

Do you know why we "kiss it to make it well"? Sounds ghastly but it goes back to the nightly practice of sucking the blood from wounds.

The Welsh believe that the sex of the first baby kissed by a bride foretells the sex of her own first-born. The French say that if a dark-complexioned man who is in love with you kisses you, expect a proposal — but not necessarily from him! And in the Dark Ages, kissing a pretty woman was declared a sure cure for a headache. So — throw away the aspirin, fellas, and pucker up!

### NUTHIN' LIKE POT ROAST!

That all-American favorite, pot roast, can hardly be beat. It's that hit-the-spot meal that always seems to please — and with potatoes, carrots and onions as roasting companions, the meat is perfect!

But — there's always room for a little improvisation and here's a recipe I've tucked away in my shoe box file since it's been put together, tried and approved by the man-of-the-house and numerous other "testers." Just follow the simple directions and you're in for pure pleasure.

#### POT ROAST ALA SWEET-SOUR

- 3 to 4 pound blade chuck roast
- ½ cup flour
- salt and pepper to your taste
- ½ teaspoon celery seed
- 2 tablespoons lard or bacon drippings
- ½ cup vinegar
- 2 tablespoons brown sugar
- ¼ cup water
- ¼ cup teaspoon nutmeg
- 6 small whole onions
- ½ cup sliced celery
- flour for gravy, if desired

Combine ¼ cup flour, salt, pepper and celery seeds. Dredge pot roast in seasoned flour. Brown well in lard or drippings, then pour off excess. Combine vinegar, brown sugar, water and nutmeg. Pour mixture over pot roast. Cover tightly and cook slowly in a 325-degree oven for 1 hour. Add onions and celery, cook an additional 1½ to 2 hours or until meat is tender and vegetables are done. Thicken cooking liquid with flour if desired. Makes 6 to 8 servings.

#### ON AN AVERAGE, IN AMERICA

• About 1,500,000 people a year are bitten by dogs. Of that number, 28 letter carriers are bitten each day as are 2,466 children.

• The average American consumes four gallons of ice cream a year including 1.7 gallons of vanilla and two quarts of chocolate. (Now those are my kind of people! Wonder where Sealtest's Heavenly Hash rates?)

• Researchers have established that the average person has trouble pointing to where his vital organs are. Their studies showed that 58 percent can't locate the heart; 40 percent the bladder; 54 percent the kidneys; 80 percent the stomach; 49 percent the lungs; 23 percent the intestines and 51 percent the liver.

• On an average day in America, 1.1 million people are in the hospital; 41 million people go to school; 5,041 observe their 65th birthday; 10 doctors are disciplined by state medical boards; 230 people are arrested for stealing cars; and one American in eight has a beer.

• If he wears one, the average man spends four hours a year tying his tie.

#### BETCHA DIDN'T KNOW

• More lawyers practice in the city of Chicago than in all of England.

• Male school teachers in Saudi Arabia are permitted to teach female students only by way of closed-circuit television.

• Only one oyster egg in four million will reach maturity.

• The signal "SOS" does not stand for "Save Our Ship" or "Stop Other Signals." It is merely the most easily understood and the most easily transmittable signal — only coincidentally translatable as SOS.

• Almost half the newspapers in the world are published in the United States and Canada.

THE BOTTOM LINE: An optimist is someone who believes you can become a parent without becoming a pessimist.

## Easter brings families together for another holiday

By Mrs. Joseph Spring 699-4021

Mayor and Mrs. Justin Emerson, Mr. and Mrs. William Emerson and family and Mr. and Mrs. Joseph Sietz enjoyed Easter Sunday dinner together at the home of Mr. and Mrs. Eddie Lipinski of Dexter.

Guests the past two weeks at the Clarence Street home of Mr. and Mrs. Kenneth Palmer were their son, Dan, his wife, Wilhelmina, and their small son, Jonathan, from Baton Rouge, La. Their daughter, Kim and her husband, Ed Paris, of Romulus joined them for Easter dinner.

### Dugan-Saxon vows slated for June 25

The engagement and summer wedding plans of their daughter, Mary Clare Dugan, and Dr. Keith Gordon Saxon, MD, are announced by Ralph and Pauline Dugan of 36858 Ellis St., New Boston.

The bride-elect, who is employed at Chelsea Community Hospital, holds a bachelor of science degree in nursing from Eastern Michigan University and a master's from Wayne State University.

Her fiancé, who resides at 2254 Georgetown Blvd., Ann Arbor, is the son of Gordon and Janet Saxon of 3810 Hastings Dr., Richmond, Va.

He is a graduate of the University of Texas at Austin and the University of Texas Medical School at San Antonio. His internship in general surgery was completed at Anderson and Hermann Hospital in Houston; his general surgery residency at St. Joseph Mercy Hospital in Ann Arbor and his residency in otolaryngology-head and neck surgery, at the University of Michigan. He is a member of Alpha Omega Alpha, medical honor society.

He is currently a resident physician at University Hospital and an adjunct assistant professor at the University of Michigan School of Music.

Holy Trinity Chapel in Ypsilanti has been reserved for the April 25 altar date.

### Washtenaw Community registration now in progress

Registration at Washtenaw Community College for spring and summer classes began April 11 and continues through April 29. Daily hours are 9 a.m. to 4 p.m. Monday through Friday. Night registration will be offered from 6:30 - 8:30 p.m. on April 14, 18 and 28.

Full semester spring/summer classes begin Monday, May 2, and continue through Aug. 5. Many classes are 7-1/2 week classes and end June 17. Summer classes begin June 20 and end Aug. 5.

Registration in area centers including Briarwood Mall, Ann Arbor Pioneer and Huron High Schools, and the high schools in Brighton, Chelsea, Dexter, Manchester, Milan, Saline and Willow Run will take place April 27 from 6-8 p.m. in the various locations.

Tuition for all classes should be paid in full at registration. Master Card or Visa will be accepted. Fees for in-district students are \$24 per hour. A financial aid program is available for students carrying at least six credit hours and meeting other eligibility requirements. Questions regarding financial aid can be directed to 973-3524.

Last week-end guests of Mr. and Mrs. A. A. Wall of East Huron River Drive were their daughter, Mrs. Harry Simcox, son, Scott, and friend, Diane Wright from Worthington, Ohio.

Mr. and Mrs. LaMarr Gress enjoyed the Easter week-end at Mount Pleasant with their daughter, Natalie, who is a student at C.M.U.

Mrs. Henry (Ada) Sager returned home April 5 after spending three weeks in Florida visiting relatives and friends. She spent a week with Dorothy Curtis and her parents, Mr. and Mrs. Joseph Halicki, at Lantana; spent some time with a niece and husband, Mr. and Mrs. Ralph DeBoer, at Bradenton and other relatives. She also enjoyed dinner with a former Belleville resident, Virginia Turney.

Enroute home she spent several days and Easter with the James Jacobs family at Cincinnati and visited with several nieces and cousins.

### Fashion show is another success for BPW Club

"Fashions, Food and Fun" was the theme of the March 26 show which marked another successful venture for the Belleville Business and Professional Women's Club. Some 185 tickets were sold for the benefit which will help finance the BPW's annual scholarship for a Belleville High School senior girl.

Marguerite White of the BPW was commentator for the fashions provided by Moss Brothers and Ms. Moss. Models, who promenade to the organ music of Gwen Ashe, included club members as well as a surprise trio of Belleville Rotarians. Some 33 local merchants donated door prizes which were under the direction of Connie Stoelton and the BPW purchased a Polaroid camera which was given as first prize in the drawing. A 50-50 raffle also generated extra funds for the scholarship project.

Prior to the show a luncheon was served to many guests including a number of BPW members from the Dearborn, Ypsilanti, Ann Arbor and Allen Park Clubs.

Because of the success of the spring venture, the club's finance committee is considering a repeat of the event in the fall.

### Preschooler storytime at library

A new storytime for preschool children will begin at the Belleville Library this month. Children between the ages of three and five years are eligible to enroll in the 6-week session which will feature storytelling, puppet plays, finger plays, flannel board stories and action rhymes.

Parents should register their children at the library, located at 167 Fourth Street, before April 19. Registrations will not be taken by phone, but if you have questions about Storytime, call Nancy Pollock at 699-3291.

Storytime will be held Tuesday mornings at 11:00, from April 19 through May 24. The sessions are free of charge, and parents will be required to stay at the library during the 45-minute programs. Group size will be limited to 20 children, so register early.

Easter Sunday by Mr. and Mrs. James Polard Jr. and their new baby, John Edward, of Ann Arbor.

Mr. and Mrs. Fred C. Lunde of Fifth Street and their son and wife, the Fred H. Lunde of Livonia, recently attended a meeting at the Troy-Highland Masonic Temple where Fred C. received his 60-year pin after having been a member of Highland Lodge No. 468, F.&A.M.

Wednesday guests at the Kenneth Palmer home were Mrs. Palmer's sisters, Martha Wellfare and small baby, Kyle, and Gloria Porritt from Alto.

Mr. and Mrs. Harold Clayton enjoyed Easter dinner at the home of their son-in-law and daughter, Mr. and Mrs. Hugh Muncie of Brighton.

Mrs. Verna Kobish, Christopher, Teresa, and Dwayne of Addison were Easter week-end guests of her parents, the Henry Deering of West Columbia Avenue.

Easter guests at the Robert Welt home on Willis Road were Mrs. Stella Neely, Mrs. Welt's mother, a sister and husband, Mr. and Mrs. James Donall and Carrie, all from Westland, and a friend, Brenda Alspaugh of North Shore Drive.

Mrs. Stella Cox of Liberty Street was a week-end guest of her son, John, and his wife, Barbara, and their family at Bay Village, O.

Mr. and Mrs. George Haft journeyed to Dayton, O. where they spent the week-end with their son-in-law and daughter, the Robert Jones family.

Word has been received here of the recent death of a one-time Belleville resident, Joseph Kasprovicz, at the age of 91 years. He was a former owner of the Belleville Bakery.

Nancy and David Abbe, Debra and Dawn of Ann Arbor enjoyed Easter dinner with Nancy's parents, Mr. and Mrs. Clinton Baehr of Savage Road.

Mrs. Norma Nagle of Dearborn spent Sunday with her sister, Mrs. Ruth Roulo of Liberty Street.

Easter dinner guests of Mrs. Frances Korgal of Sumpter Road were Mr. and Mrs. Jim Schultz and family of Hoefft Road and Mr. and Mrs. Peter Korgal, Marcy and Laurie of Hull Road.

Mr. and Mrs. Charles Kidwell entertained at a family gathering at their home on Ellen Drive for Easter, the former's parents, the Wilbur Kidwells of Romulus; a sister and husband, Mr. and Mrs. Jon Edge, Amy and Karl, of Canton; Mrs. Kidwell's sister and husband, Mr. and Mrs. Thomas Satterlee, Bryant and Rachel of Westland, and her mother, Mrs. Dorothy Kellas of Margery Street.

Mr. and Mrs. Raymond Ostrowski and daughter, Mary, the Roger Ferguson family and Jim and Pat Shephard, Daryle and Kim were Easter supper guests of Brian and Nancy Shephard of Henry Street.

**"The Women of Brewster Place"** by Gloria Naylor. Brestler Place: a blind alley feeding into a dead end, a street few would move to by choice. Through the fractured perspectives of seven women who occupy this common ground, this novel evokes intimately and powerfully the world of Black women today.

**"The Religion"** by Nicholas Conde. Someone is killing the children. It is evil, of course. It is murder. But some see it as an evil from which only good will come. Some believe that only

through the sacrifice of young innocents can the world be saved. No one must be allowed to stop this pattern of deaths before it is completed. This is a compelling chiller that will plunge you into a subterranean labyrinth of bizarre horror.

**TRANSPORTATION**  
**"Encyclopedia of North American Railroad"** by Freeman Hubbard. Railroad, 150 years of it, in the United States and Canada.

**"Airliners"** by Robert Wall. The author looks at the strides man has made and details the meteoric rise of the airliner — from its humble beginnings on a beach in North Carolina, through the first passenger services, the stately airships, the long-range mail routes, the

great pre-war flying boats and the post-war aviation boom to the wide-bodied jets and the latest supersonic swing-wing designs.

## SCIENCE FICTION

**"The Visitors"** by

Clifford Simak. The author presents one of the most original concepts of alien contact yet in this multilevel novel of human intelligence and emotion in a close encounter with truly non-human beings.

## Views On Dental Health

By SHERMAN H. KANE, D.D.S.

### THE PREVIEW TECHNIQUE

Do you have apprehensions about taking your child to the dentist for his or her first check-up? Could that be one of the reasons why you haven't made that first important appointment?

Well, your child's first visit to the dentist does not have to be for a check-up. There's no reason why it can't be a social visit just to "get acquainted".

If your youngster hasn't been to the dentist yet, the next time you have an appointment take him along. Let him watch the dentist check your teeth, clean them, etc. There's no better way for a child to understand that dental care is important for your health and good looks. Believe me, the worst first

dental experience is an emergency visit for a toothache or accident-caused injury. Extensive treatment or repair on a first visit may set your child up for a chain of future needless anxieties.

Don't avoid your child's first visit. The sooner your youngster creates a confident relationship with the dentist, the better. Start with a preview.

A public service to promote better dental health. From the office of: SHERMAN H. KANE, D.D.S., 9840 Haggerty Rd., Belleville. Phone 697-4400.

## Short subjects

- Family and guests will love fruit and cheese kabobs as appetizers or snacks. Alternate chunks of cheese, both sharp and mild, with pitted prunes, dates, wedges of apple and thick slices of banana on skewers.
- Make short work of biscuits by adding grated cheese before baking. Use refrigerator style biscuits, prepared according to directions, but sprinkle well with cheese before you put them in the oven.
- The memory of fresh, red, tart Michigan cherries lingers on in the canned prepared cherry pie filling. Warm the cherry filling slightly and use as sauce for creamy good vanilla ice cream.

# Romulus Scout to attend national event

Tammy Michniewicz of Romulus has been selected to attend the Girl Scout Wider Opportunities program this summer. Huron Valley Girl Scout Council members announced today.

Wider Opportunities is a program of self-enrichment events sponsored by Girl Scouts of the U.S.A. or individual councils across the country. The opportunities range from exploring the diversity of southern California to participating Wisconsin's International Fly In.

Participants are selected from applications made by Cadette and Senior Scouts.

Tammy was selected by Girl Scouts of the U.S.A. to attend "Ho! West We Go!" at the Girl Scout National Center West in Ten Sleep, Wyoming. National Center West is one of three Girl Scout national centers and consists of about 15,000 acres of rugged wilderness. Tammy will have an outdoors adventure selecting from backpacking, photography, archeology, horse-back riding, fishing and crafts.

Tammy is active in Cadette Troop 233. She is the daughter of Bonnie and Robert Michniewicz. The Huron Valley Girl Scout Council is a United Way Agency serving approximately 13,000 girls in southeastern Michigan.

## State champ anchors All-Area Salem's Beaudoin's record is a perfect 49-0

As he has to all of his wrestling rivals, John Beaudoin caused the Associated Newspapers' sports staff some headaches this year.

Researching and digging past All-Area Wrestling Teams, the staff couldn't find whether there has ever been a high school grappler picked for the coveted team that brought with him an unblemished record.

The past pages of the ANP are filled with outstanding athletes and go back to the turn of the century, but none could boast the exceptional record as this 138-pounder from Plymouth Salem.

Beaudoin completed his senior year with a 49-0 won-lost record, winning 39 of those matches via falls. He set seven school records, captured 11 first places in tournament competition and wound up a two-time district, regional and state champ.

In his productive prep career, Beaudoin has amassed a 106-9 record, including 69 pins and piling up 333½ team points in one season. The team captain, Beaudoin is obviously one of if not the best over-all wrestler to compete in this area.

Beaudoin leads the 1983 Associated Newspapers' All-Area Wrestling Line-up which includes first stringers: Dave Davis (98 pounds-Wayne Memorial), T.J. Harris (105-Wayne Memorial), Todd Bartlett (112-Plymouth Canton), Dan Matauch (119-Wayne Memorial), Tim Collins (126-Plymouth Canton), Joe Colaianne (132-Wayne Memorial), Robb Paciocco (145-John Glenn), Don Forchione (155-John Glenn), John Wochuck (167-Plymouth Salem), Harry Wakley (185-Plymouth Salem), Doug Shepherd (198-Wayne Memorial) and Kevin Von Otten (heavyweight-Romulus).

The ANP's picks for Second Team — and some fans may differ with our opinions — include: Rick Vershave (98-Plymouth Salem), Tom Gibson (105-John Glenn), Jeff Pangman (112-Wayne Memorial), John Jeanotte (119-Plymouth Salem), Ed Fowler (126-Wayne Memorial), Brock Nigg (132-Belleville), Jim Ertman (138-Wayne Memorial), Jim Campbell (138-Belleville), Marty Heaton (155-Plymouth Canton), Joe Johnson (167-Belleville), Dave Scott (185-Livonia Churchill), Tom Aloisi (198-John Glenn) and Tracy Cline (Heavyweight-Romulus).

DAVIS is only a junior who has very impressive credentials. He racked up a 43-8 won-lost record en route to winning the Belleville, Jak Warren, Bay City Western Christmas, Schoolcraft, North Farmington and Great Lakes 8 Conference championships. His career record stands at 55-14 and he also placed

second at the Montrose Invitational and Class A district competitions. He was a third place finisher at the state regionals.

HARRIS was awesome on the mats this season. A versatile athlete who starred in football, T.J. won 35 of his 42 matches this year and ended his prep wrestling career with a 70-10 over-all record. He also won gold medals for his performances at the Belleville, Bay City Western Wayne, Schoolcraft and North Farmington Invitionals. T.J. was runner-up at the league championships and was a silver medalist at the district tournament. He earned the regional title and placed fourth in the state.

BARTLETT is also a senior who would be a standout in any sport. His 32-10 over-all record testifies to his rugged spirit on the mats. A three-time league champ, Bartlett won gold medals at the Garden City Invitational and the Western Lakes Conference meet. He also has qualified for state competition for the past three years and ranks second on the all-time Canton wrestlers' list in total points. Bartlett also is an excellent student.

MATAUCH established a new school record for career victories when he compiled a superb 122-12 won-lost record. He also now holds the Zebras' season record with a 55-2 mark. A senior who has earned the league title three consecutive years, Matauch has been a MHSAA District champ two years running and was second in his sophomore year. He has won regional crowns and moved up from third place in the state a year ago to runner-up this year.

His list of invitational victories include: Belleville, Westland John Glenn, Jak Warren, Schoolcraft College, North Farmington, Detroit Catholic Central, Montrose, Great Lakes 8 Conference, district and regional.

Dan has been invited to join wrestling teams at many colleges and universities, but he will be competing at Michigan State University this fall where he will also be working toward an engineering degree.

COLLINS has another year of eligibility. The Canton junior had a 36-12 won-lost year and earned titles at both the Garden City and Plymouth Salem Invitionals. He finished

third in the Western Lakes and was a state qualifier. Tim currently has 76 career wins and is in fifth place on the total point list.

COLAIANNE, a senior who is also a 4.0 student, is tough. He collected 43 victories while losing only three bouts, boosting his career record to 86-14. He finished sixth at state last year, and was third in his class this year. He has gold medals from his efforts at Belleville, Bay City Western, North Farmington and Montrose and he also struck gold at the league championship as well as districts and regionals.

Colaianne is not only an outstanding wrestler, student and athlete he has many talents. He is an accomplished pianist and singer and found time this season to capture the leading male role in Wayne Memorial's version of the West Side Story.

PACIOCCO was the team captain at Westland John Glenn where he led the Rockets to an unprecedented 17 consecutive Northwest Suburban Championship. A senior, Robb piled up a 47-6 won-lost record this year and his career mark is now at 107 victories against 22 losses. He also owns the school record

for the fastest fall at seven seconds.

FORCHIONE also served as the Rockets' co-captain as his credentials include a 105-22-0 won-lost-tied record and a school record of 304 points. He's a two-time league champion and also a two-time state qualifier who wrapped up his prep career with a 47-4 mark.

WOCHUCK was a hard-nosed athlete who came through for the Rockets when they needed him the most. An all-around athlete who will be heard from on the college level as well, John lifted Salem into the top 10 ratings in the state and figured prominently in winning the league championship.

WALKEY posted 32 falls in a 42-7 won-lost senior year and established two school records: Most Pins and Most Consecutive Pins (12) in scoring 300 team points. He has seven first place tournament wins to his credit and won the league title en route to a second place at the district championships and a third place in the regional meet. He finished sixth best at state. He also served as team captain.

## Haney's 'Coach of the Year'

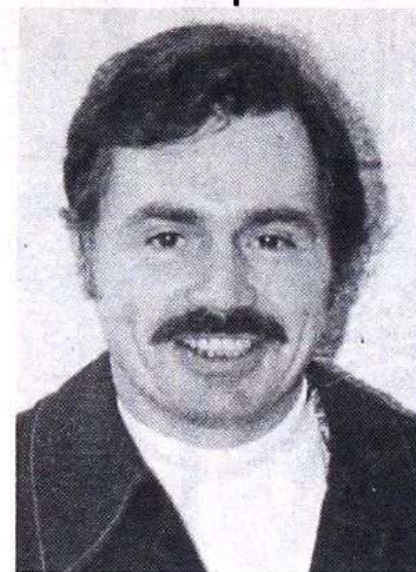

When it comes to high school wrestling, Wayne Memorial is among the best in the state.

Traditionally, teams and wrestlers who wear the Zebra uniform have proven that they are contenders be it in conference, invitational, district, regional or state competition.

And a lot of that credit must go to Coach Don Haney who established a winning tradition at the high school.

This year Haney's people were ranked among the top five teams in Michigan during most of the combat. There were excellent reasons for that feat.

With wrestlers like Dan Matauch, T.J. Harris, Dave Davis, Joe Colaianne, Doug Shepherd, Jeff Pangman and Ed Fowler, Wayne captured

DON HANEY

numerous invitational meets and conference championships this season.

They went on to finish among the top six in the state.

For his continuous contribution to the sport and for his outstanding efforts in the field of coaching, the Associated Newspapers names Haney as its "Coach of the Year."

VON OTTEN is a 6-foot, 190-

pound senior who posted a 28-12 over-all record during his final prep year. Kevin captured the gold for the conference and placed second at the Salem, Temperance Bedford, North Farmington invitationals while he was third at Monroe and the district tournament.  
In that 28-12 record, Von Otten posted 11 pins and was a regional qualifier.

## It's time to get into shape

Thinking of starting an exercise program this spring?

The key to making your program successful is to start gradually, and increase your activity as you become more fit, says Kathy Heck, MSU trainer in intercollegiate athletics.

Whether you're interested in jogging or running, swimming, cycling or walking, Heck suggests measuring your progress in terms of time rather than distance.

For example, if you want to begin a jogging program, start out by going for 10 minutes. Walk/jog for 10 minutes, going as far as you can — don't worry about speed or distance. Then gradually increase your time as you build up endurance.

The same guide applies to any other activity, such as swimming or bicycling. Try to avoid feeling that you have to complete a certain distance. Setting inflexible goals and pushing yourself to meet them can take the enjoyment out of your program and may lead to serious injuries.

Easing into an exercise program gradually, rather than jumping in at full force, tends to reduce the likelihood of injury.

Heck recommends stretching before and after exercise. Stretching will not only increase flexibility, but will also decrease muscle soreness.

How often you work out is up to you, but the minimum program recommended is three times a week for at least 20 minutes minimum. The aim is to raise your heart rate to 120 beats per minute, or double

your resting heart rate, Heck says.

Exercising regularly does not guarantee that you will lose weight. If you want to shed pounds, you need to combine your exercise program with a reduced-calorie diet. Dieting or exercising alone is not as effective as the two together.

Vitamin supplements aren't necessary if you're eating a well-balanced diet.

Proper equipment for the activity you plan to do is important. Appropriate shoes are very important for many activities. If you plan to start a running program, for instance, look for a pair of shoes made exclusively for running rather than for basketball or tennis. They should fit well and have proper cushioning.

Everyone's feet are different, and brands of shoes vary. The best way to find a pair of shoes is to go to a sporting goods store and try on shoes until you find a pair that fits and fills the needs of your particular activity.

Many people find it's easier to stick with an exercise program if they have someone to work out with.

# THE SCOTTS DIFFERENCE™

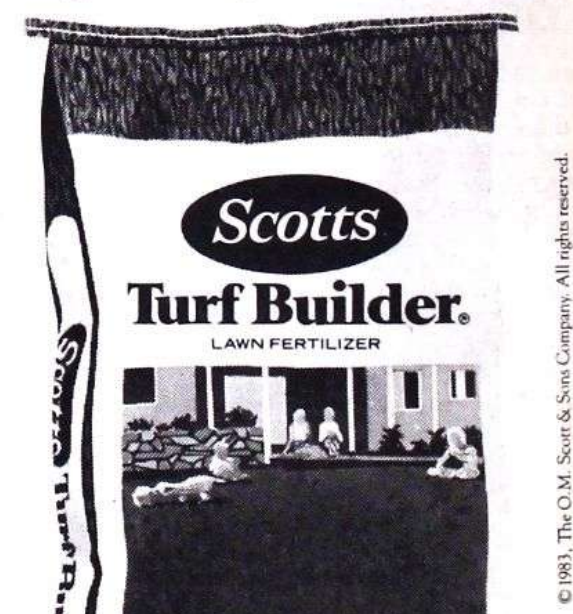

We make the only real lawn fertilizer there is.

Turf Builder® fertilizer is engineered just for lawns. Other so-called lawn fertilizers are crude mixes of farm fertilizers. They force-feed grass so it grows very tall, very fast. Your lawn doesn't need that, and neither do you—unless you love to mow. But Scotts® (and only Scotts) bonds a unique, controlled-release nitrogen with other lawn nutrients, to feed your lawn safely and steadily, as it needs it.

You can't get all that from "bargain" brands. You can only get it in a bag that says Scotts. Because we don't make fertilizer for anyone else.

No wonder Scotts guarantees your satisfaction absolutely. Our products are that much better. And we care that much about your success with your lawn.

This spring get the Scotts difference—and get it for less, with this refund offer.

## Satans win title

Competing in the Tri-Cities League, the Westland Youth Athletic Association representatives, the "Satans", captured the Youth Suburban Basketball League playoffs and their divisional crown. The Satans amassed a 10-1 won-lost record before winning the best of three championship playoffs. Members of the team include: Kathy Fitzgerald (first row, from left), Andrea Mer-

cier, Cathy Cruz, Jennifer Mantooth and Cary Weed; second row are Jennifer Kolacz, Jessica Handley, Pauline Elodridge, Lynne Shelly, Becky Kolacz and coach Hank Handley. Unavailable at the time of the photo was team sponsor Joe Kolacz, owner of Metro Auto Supply. Also competing in the YSBL were teams from Inkster and Garden City.

## Ten Pin Topics

### Ladies showing off their form

By JIM WRUBLEWSKI

This seems to be the week that the ladies decided to dominate scoring, and it was done in a convincing way.

At Wayne Bowl a new all time high individual three game series was established for the Tri-City Womens Association record books when Vickie Lennox went well over her 174 average with games of 260 and 241 for a 724 total.

Also at Wayne Bowl, Julie Zimmerman didn't quite hit average but she did have that difficult to achieve triplicate with three 148 games; Frank Witkowski rolled an all spare 187 game; Jerry Fritts stepped to the top of the trio league with the season's first 700 series, a 706; and the Thursday Trio group accumulated (8) 600 series and (46) 200 games at its last session.

A very noteworthy contribution, and award winner, for the men came from Westland Bowl when Jim Griffith put together games of 266-269-267 for an 802 total. The 260 plus per game is the kind of rut we would all like to fall into.

At Town "N" Country Lanes the Barring Service Team set a Tuesday Junior Classic high series of 3127 on games of 1082-1001-1044. Tom Dobozy led the group with 734 followed by Estes Dobozy at 640 and Dennis Russel with 639.

Other shooters included Ernie Arbogast with 698; Colleen Andrew

239; Jim Daniels 689; Senior Citizens, Bruce Hart — 90 pins over average with a 236 game; and Blue Leatherman with a 576 series.

The ladies again dominated action at Lodge Lanes with Bev Crawford rolling a 247 game for a 601 total; Barb Smith had 245; Mickey Maton rolled a 235 game; and Sue Miller hit 225.

Super Bowl scoring had Connie O'Keefe rolling 227 and 204 for a 626; Joanne Nelson hit 219-205 and 619; Fran Stringer had 222-216 and 617; Lyn Etabrook hit 236; Jake Glover carried his string of 600 series to 4 in a row with the help of a 263 game; Tony Charnawskas recorded a first 600 total with 214 and 203 for 613; and Ed LaRoche hit his first 200 with a 209 game.

Additional super shooting included Ken Gerych with 220-226-268 for 714; Matt Figurski had 258 and 257 for 705; Ben Kiser was consistent with 220-212-215 for 647; Al Dunford had 216-213-210 and 639; Rick Allen hit 268; Bill Nordquist rolled 227-206-210 for 643; Randy Temple and Al Jakubowski each had 246; Johnny Walker hit 240; Don Thompson had 233; Pete Flores had 224; and Bob Grandinscak put together games of 222-214 for 625.

Last, but not least, at Lodge Lanes Darin Huffman, Lisa Dumont, and Don Posegay were crowned as champions for this season in the Thursday Teen's League.

## Golf benefit to aid PAL

For years, golfers have supported the Detroit Police Athletic League in their effort to provide much needed recreational programs for thousands of youngsters. Now, golfers have the opportunity to come to the aid of PAL once again and play 500 rounds of golf free.

It's all in the new 1983 Michigan "GOLFERS Map & Guide." Besides containing over 500 2-play-for-1 coupons, the "Golfers Map and Guide" pinpoints the location and describes every one of Michigan's 650 public and private golf courses.

The guide details the par, yardage, fees, features and facilities of each course plus the guest policies of Michigan's private clubs, including the golf professionals' names.

Also contained within its 250 pages are the latest PGA statistics, schedules, handicapping information and more.

Approved by the PGA, MAPGC, and National Golf Foundation, the award winning Michigan "Golfers Map & Guide" literally pays for itself over and over again.

So here's a chance for golfers to slice their green fees in half. The profits from the sale of the "Golfers Map & Guide" go to support the youth athletic programs provided by PAL.

To get your copy, make your check payable to the Detroit Police Athletic League for \$8.50 each plus \$1 shipping and send to: PAL, P.O. Box 64438, Detroit, MI 48231.

# Tiger Swim registration set

With the Western Wayne Aquatic Conference winter season championship stashed safely away, the Belleville Tigers now prepare to the spring title.

The Tigers, coached by Sam Vicchy and Marsh Wied, are seeking new members.

Stroke technique is stressed for the freestyle, backstroke, breast stroke and butterfly. During the season, dual competitive swim meets are scheduled. After each meet, place ribbons and other

awards are presented to the swimmers. The children will swim in five different age groups: 8 and under; 9-10; 11-12; 13-14; and 15-18 year olds.

Registration is May 2 at the Belleville High School pool between 5-7 p.m. to any 8 and under to 18 year old swimmer. The registration fee is \$35 for a season of swimming that runs from May 2 to July 29. Bring a suit to registration because swimming begins that day. For more information call Pat Stacey at 699-

7301.

Tiger Swim Club also is sponsoring a Beginner Swim Program that will be having four consecutive 2-week sessions running from April 19-June 10.

Registration for these programs

will be on the following days: April 19, April 28, May 12, and May 26. The registration fee is \$18 for 8 lessons.

For more information on swim lessons call Barb McCormick at 699-6952.

## Canton Cruisers honor swimmers

The Plymouth-Canton Cruisers wound up their winter swim season, feting members of the age-group club. The tankers received awards in the form of medals and ribbons, earned during the Western Wayne Aquatic League Championships.

Each swimmer was also presented with a club T-shirt.

Patches and certificates were also given to all age group swimmers who broke or set new club records.

Also honored were the swimmers who swam in the Junior Olympics, sponsored by McDonalds and the Michigan Stingrays Swimming Association. The J.O. Championships were held at Oakland Community College.

The final presentations were pla-

ques given to the swimmers in each age group for special recognition.

The awards' recipients are:

In the 8-and-under category: boys — David Sudia, John Patrick Snow and John Lambe; girls — Kristin Stackpoole, Meredith Witucki and Pam Pritchard.

In the 9-10-year-old age group: Eric Bunch, Bryce Anderson, Eric Bunch; girls — Jean McLenaghan, Stephanie Keeling and Kelly Rische; in the 11-12-year-old class — Mickey Adamczak, David Miller, Scott Swartzwelter; girls — Mary Lawson, Lisa Brady and Tracy Meszaros.

In the 13-14-year-old category: James Dunn, Kevin Mack and Dean Roberts; girls — Laura Shaffer, Michelle Stackpoole and Cindy Elliott.

# CITY OF ROMULUS

AN ORDINANCE TO AMEND SECTION 5.62(a) OF THE MICHIGAN UNIFORM TRAFFIC CODE FOR CITIES, TOWNSHIPS AND VILLAGES AS ADOPTED BY THE CITY OF ROMULUS BY ORDINANCE, CHAPTER V, ARTICLE 1.1, AND TO PROVIDE FOR PENALTIES FOR VIOLATION THEREOF.

## THE CITY OF ROMULUS ORDAINS:

### Section 5.62(a) — Penalties

1. A person whose operator's or chauffeur's license or registration certificate has been suspended or revoked and who has been notified as provided in Section 212 of that suspension or revocation, or whose application for license has been denied, as provided in this act, or who has never applied for a license, and who operates a motor vehicle upon the highways of this state or who knowingly permits a motor vehicle owned by the person to be operated by another upon a highway, except as permitted under this act, while the license or registration certificate is suspended or revoked or whose application for license has been denied, as provided in this act, is guilty of a misdemeanor, punishable, except as provided in subsections (2) and (3), by imprisonment for not less than three (3) days nor more than ninety (90) days, or a fine of not more than \$100.00, or both. Unless the vehicle was stolen or used with the permission of a person who did not knowingly permit an unlicensed driver to operate the vehicle, the registration plates of the vehicle shall be confiscated.

2. A person whose operator's or chauffeur's license has been suspended under section 321(a) because that person has failed to answer a citation or has failed to comply with an order or judgment issued pursuant to section 907 and who operates a motor vehicle upon a highway, may be punished by imprisonment for not more than ninety (90) days, or a fine of not more than \$100.00 or both.

3. A person convicted of a second or subsequent violation of this section is guilty of a misdemeanor punishable by imprisonment for not less than five (5) days nor more than ninety (90) days, or a fine of not more than \$500.00, or both. Unless the vehicle was stolen, the registration plates of the vehicle shall be confiscated.

4. The Department upon receiving a record of the conviction or probate court finding of a person upon a charge of unlawful operation of a motor vehicle while the license of the person suspended, revoked or denied, or of the conviction, civil infraction determination, or probate court findings of a person for a violation of the motor vehicle laws of this state while the license of the person is suspended, revoked or denied, immediately shall extend the period of the first suspension or revocation for an additional like period, or if a period has not been determined, then for not less than thirty (30) days nor more than one (1) year.

5. The Department upon receiving a record of the conviction or a civil infraction determination of a person upon a charge of unlawful operation of a motor vehicle requiring a class 1, class 2, or class 3 indorsement while the indorsement is suspended pursuant to section 319(a), immediately shall extend the period of suspension for an additional like period.

6. Before the plea of the person is accepted under this section, the arresting officer shall check with the Department to determine the record and status of the person according to the records of the Department and so inform the court.

7. This section shall not apply to a person who operates a vehicle solely for the purpose of protecting human life or property, if the life or property is endangered and the summoning of prompt aid is essential.

8. This section shall take effect on March 30, 1983, for any offenses committed on or after effective date.

All proceedings pending and all rights and liabilities existing, acquired or incurred at the time this amendatory act takes effect are saved and may be consummated according to the law in force when they are commenced. This amendatory act shall not be construed to affect any prosecution pending or initiated before the effective date of this amendatory act, or initiated after the effective date of this amendatory act for an offense committed before the effective date.

MADE, PASSED AND ADOPTED BY THE ROMULUS CITY COUNCIL THIS 22nd DAY OF MARCH, 1983.

### CERTIFICATE OF ADOPTING

I hereby certify that the foregoing is a true copy of the Ordinance passed at the regular meeting of the City Council held on the 22nd day of March, 1983.

RAYMOND CANTRELL  
City Clerk

ATTEST: WILLIAM M. OAKLEY  
Mayor

Within forty-five (45) days after the publication of any ordinance duly adopted by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six (6%) percent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

RAYMOND CANTRELL  
Clerk  
City of Romulus

AN ORDINANCE TO AMEND SECTIONS 5.15, 5.15(a), 5.15(b), 5.15(c), 5.15(d), 5.15(e), 5.15(f) OF THE MICHIGAN UNIFORM TRAFFIC CODE FOR CITIES, TOWNSHIPS AND VILLAGES, AS ADOPTED BY THE CITY OF ROMULUS BY ORDINANCE, CHAPTER V, ARTICLE 1.1, AND ADDING SECTION 5.15(h), AND TO PROVIDE FOR PENALTIES FOR VIOLATION THEREOF.

## THE CITY OF ROMULUS ORDAINS:

An Ordinance to amend the following City Code sections regulating the operation of motor vehicles by persons under the influence of intoxicating liquor and/or controlled substances, or while their ability to operate a motor vehicle is impaired, to provide for chemical analysis of presence of alcohol and/or controlled substances and to provide for penalties for violation of these sections.

Section 5.15 — Driving under the influence of intoxicating liquor or a controlled substance.

1. A person, whether licensed or not, who is under the influence of intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance, shall not operate a vehicle upon a highway or other place open to the general public, including an area designated for the parking of vehicles, within the City. A peace officer may, without a warrant, arrest a person when the peace officer has reasonable cause to believe that the person was, at the time of an accident, the driver of a vehicle involved in the accident and was operating the vehicle upon a public highway or other place open to the general public, including an area designated for the parking of vehicles, in the City while in violation of this subsection or of subsection (2).

2. A person, whether licensed or not, whose blood contains 0.10% or more by weight of alcohol, shall not operate a vehicle upon a highway or other place open to the general public, including an area designated for the parking of vehicles, within the City.

3. The owner of a vehicle or a person in charge or in control of a vehicle shall not authorize or knowingly permit the vehicle to be operated upon a highway or other place open to the general public, including an area designated for the parking of motor vehicles, within the City by a person who is under the influence of intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance.

4. Except as otherwise provided in this section, a person who is convicted of a violation of subsection (1), (2) or (3) is guilty of a misdemeanor, punishable by imprisonment for not more than ninety (90) days, or a fine of not less than \$100.00 nor more than \$500.00, or both, together with costs of the prosecution. As part of the sentence for a violation of subsection (1) or (2), the court shall order the Secretary of State to suspend the operator's or chauffeur's license of the person for a period of not less than six (6) months nor more than two (2) years. The court may order the Secretary of State to issue to the person a restricted license permitting the person during all or specified portion of the period of suspension to drive only to and from the person's residence and work location; in the course of the person's employment or occupation; to and from an alcohol or drug education program or treatment program as ordered by the court; to and from the person's residence and an educational institution at which the person is enrolled as a student; or pursuant to a combination of these restrictions. The court shall not order the Secretary of State to issue a restricted chauffeur's license which would permit a person to operate a truck or truck tractor, including a trailer, which hauls hazardous material. The court shall not order the Secretary of State to issue a restricted license unless the person states under oath and the court finds that the person is unable to take public transportation to and from his or her work location, place of alcohol or drug education or treatment, or educational institution, and does not have any family members or others able to provide transportation. The court order and license shall indicate the person's work location and the approved route or routes and permitted times of travel. For purposes of this subsection "work location" includes, as applicable, either or both of the following:

- The specific place or places of employment.
- The territory or territories regularly visited by the person in pursuance of the person's occupation.

5. A person who violates subsection (1) or (2), or a local ordinance substantially corresponding to subsection (1) or (2) within seven (7) years of a prior conviction may be sentenced to imprisonment for not more than ninety (90) days or a fine of not more than \$500.00, or both. As part of this sentence, the court shall order the Secretary of State to revoke the operator's or chauffeur's license of the person. For purposes of this section "prior conviction" means a conviction under subsection (1) or (2), or a law of another state substantially corresponding to subsection (1) or (2).

6. As part of the sentence for a violation of subsection (1) or (2), the court may order the person to perform service to the community, as designated by the court, without compensation, for a period not to exceed twelve (12) days. The person shall reimburse the appropriate local unit of government for the cost of insurance incurred by the local unit of government as a result of the person's activities under this subsection.

7. Before imposing sentence for a violation of subsection (1) or (2), the court shall order the person to undergo screening and assessment by a person or agency designated by the office of substance abuse services, to determine whether the person is likely to benefit from rehabilitative services, including alcohol or drug education and alcohol or drug treatment programs. As part of the sentence, the court may order the person to participate in and successfully complete one (1) or more appropriate rehabilitative programs. The person shall pay for the costs of the screening, assessment, and rehabilitative services.

8. Before accepting a plea of guilty under this section, the court shall advise the accused of the statutory consequences possible as the result of a plea of guilty in respect to suspension or revocation of an operator's or chauffeur's license, the penalty imposed for violation of this section, and the limitation on the right of appeal.

9. The operator's or chauffeur's license of a person found guilty of violating subsection (1) or (2), shall be surrendered to the court in which the person was convicted, and the court shall immediately forward the surrendered license and an abstract of conviction to the Secretary of State. The abstract of conviction shall indicate the sentence imposed. Upon receipt of, and pursuant to the abstract of conviction, the Secretary of State shall suspend or revoke the person's license and, if ordered by the court and the person is otherwise eligible for a license, issue to the person a restricted license stating the limited driving privileges indicated on the abstract. If the license is not forwarded to the Secretary of State, an explanation of the reason why the license is absent shall be attached. If the conviction is appealed to circuit court, that court may, ex parte, order the Secretary of State to rescind the suspension, revocation, or restricted license issued pursuant to this section.

Section 5.15(a) — Criminal prosecutions for driving under influence of intoxicating liquor; tests; admissibility; presumptions; liability for withdrawing blood; refusal to take test; other evidence; jury instruction.

1. The amount of alcohol or presence of a controlled substance or both in the driver's blood at the time alleged as shown by chemical analysis of the person's blood, urine or breath shall be admissible into evidence in a criminal prosecution for any of the following:

- A violation of section 5.15(1), (2) or (3), or 5.15b.

b. Felonious driving, negligent homicide, or manslaughter resulting from the operation of a motor vehicle while the driver is alleged to have been impaired by or under the influence of intoxicating liquor or a controlled substance or a combination of intoxicating liquor and a controlled substance, or to have had a blood alcohol content of 0.10% or more by weight of alcohol.

2. If a test is given, the results of the test shall be made available to the person charged or the person's attorney upon written request to the prosecution, with a copy of the request filed with the court. The prosecution shall furnish the report at least (2) days before the day of the trial and the results shall be offered as evidence by the prosecution in a criminal proceeding. Failure to fully comply with the request shall bar the admission of the results into evidence by the prosecution.

3. Except in a prosecution relating solely to a violation of section 5.15(2), the amount of alcohol in the driver's blood at the time alleged as shown by chemical analysis of the person's blood, urine or breath shall give rise to the following presumptions:

- If there was at the time 0.07% or less by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was not under the influence of intoxicating liquor.

b. If there was at the time in excess of 0.07% but less than 0.10% by weight of alcohol in the defendant's blood, it shall be presumed that the defendant's ability to operate a vehicle was impaired within the provisions of section 5.15(b) due to the consumption of intoxicating liquor.

- If there was at the time 0.10% or more by weight of alcohol in the defendant's blood, it shall be presumed that the defendant was under the influence of intoxicating liquor.

4. A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Only a licensed physician, or a licensed nurse or medical technician under the direction of a licensed physician and qualified to withdraw blood acting in a medical environment, at the request of a peace officer, may withdraw blood for the purpose of determining the amount of alcohol or presence of a controlled substance or both in the person's blood, as provided in this act. Liability for a crime or civil damages predicated on the act of withdrawing blood and related procedures shall not attach to a qualified person who withdraws blood or assists in the withdrawal in accordance with this act unless the withdrawal is performed in a negligent manner.

5. The tests shall be administered at the request of a peace officer having reasonable grounds to believe the person has committed a crime described in subsection (1). A person who takes a chemical test administered at the request of a peace officer, as provided in this section, shall be given a reasonable opportunity to have a person of his or her own choosing administer one (1) of the chemical tests described in this section within a reasonable time after his or her detention, and the results of the test shall be admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant. If the person charged is administered a chemical test by a person of his or her own choosing, the person charged shall be responsible for obtaining a chemical analysis of the test sample. The person charged shall be informed that he or she has the right to demand that a person of his or her choosing administer one (1) of the tests provided for in subsection (1), that the results of the test shall be admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant, and that the person charged shall be responsible for obtaining a chemical analysis of the test sample.

6. The person charged shall be advised that if the person refuses the request of a peace officer to take a test described in this section, a test shall not be given without a court order. The person charged shall also be advised that the person's refusal of the request of a peace officer to take a test described in this section shall result in the suspension of his or her operator's or chauffeur's license or operating privilege, and in the addition of six (6) points to his or her driver record.

7. This section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the person was impaired by or under the influence of intoxicating liquor or a controlled substance, or a combination of intoxicating liquor and a controlled substance, or whether the person had a blood alcohol content of 0.10% or more by weight of alcohol.

8. If a jury instruction regarding a defendant's refusal to submit to a chemical test under this section is requested by the prosecution or the defendant, the jury instruction shall be given as follows:

"Evidence was admitted in this case, which if believed by the jury, could prove that the defendant had exercised his or her right to refuse a chemical test. You are instructed that such a refusal is within the statutory rights of the defendant and is not evidence of his guilt. You are not to consider such a refusal in determining the guilt or innocence of the defendant."

9. If, after an accident, the driver of a vehicle involved in the accident is transported to a medical facility and a sample of the driver's blood is withdrawn at the time for the purpose of medical treatment, the results of a chemical analysis of that sample shall be admissible in a criminal prosecution for a crime described in subsection (1) to show the amount of alcohol or presence of a controlled substance or both in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecuting attorney who requests the results for use in a criminal prosecution as provided in this subsection. A medical facility or person disclosing information in compliance with this subsection will not be civilly or criminally liable for making the disclosure.

10. If after a highway accident the driver of a vehicle involved in the accident is deceased, a sample of the decedent's blood shall be withdrawn in a manner directed by the medical examiner for the purpose of determining blood alcohol content or presence of a controlled substance or both.

Section 5.15(b) — Impaired driving; violation as misdemeanor.

1. A person shall not operate a vehicle upon a highway or other place open to the general public, including an area designated for the parking of vehicles, within the City when, due to the consumption of an intoxicating liquor, a controlled substance, or a combination of an intoxicating liquor and a controlled substance, the person has visibly impaired his or her ability to operate the vehicle. If a person is charged with violating section 5.15(1) or (2), a finding of guilty is permissible under this section.

2. Except as otherwise provided in this section, a person convicted of a violation of this section is guilty of a misdemeanor, punishable by imprisonment for not more than ninety (90) days, or a fine of not more than \$300.00, or both, together with costs of the prosecution. As part of the sentence, the court shall order the Secretary of State to suspend the operator's or chauffeur's license of the person for a period of not less than ninety (90) days nor more than one (1) year. The court may order the Secretary of State to issue to the person a restricted license permitting the person during all or a specified portion of the period of suspension to drive only to and from the person's residence and work location; in the course of the person's employment or occupation; to and from an alcohol or drug education program or treatment program as ordered by the court; to and from the person's residence and an educational institution at which the person is enrolled as a student; or pursuant to a combination of these restrictions. The court shall not order the Secretary of State to issue a restricted chauffeur's license which would permit a person to operate a truck or truck tractor, including a trailer, which hauls hazardous material. The court shall not order the Secretary of State to issue a restricted license unless

the person states under oath and the court finds that the person is unable to take public transportation to and from his or her work location, place of alcohol or drug education or treatment, or educational institution, and does not have any family members or others able to provide transportation. The court order and license shall indicate the person's work location and the approved route or routes and permitted times of travel. For purposes of this subsection, "work location" includes, as applicable, either or both of the following:

- The specific place or places of employment.
- The territory or territories regularly visited by the person in pursuance of the person's occupation.

3. A person who violates this section or local ordinance substantially corresponding to this section within seven (7) years of a prior conviction may be sentenced to imprisonment for not more than ninety (90) days, a fine of not more than \$500.00, or both. As part of the sentence, the court shall order the Secretary of State to suspend the operator's or chauffeur's license of the person for a period of not less than six (6) months nor more than eighteen (18) months. The court may order the Secretary of State to issue to the person a restricted license as provided in subsection (2), except that a restricted license shall not be issued during the first sixty (60) days of the suspension period. For purposes of this section, "prior conviction" means a conviction under this section, section 5.15(1) or (2), a local ordinance substantially corresponding to this section or section 5.15(1) or (2), or a law of another state substantially corresponding to this section or section 5.15(1) or (2).

4. A person who violates this section, or a local ordinance substantially corresponding to this section, within ten (10) years of two (2) or more prior convictions, as defined in subsection (3), may be sentenced as provided in subsection (3), except that as part of the sentence the court shall order the Secretary of State to revoke the operator's or chauffeur's license of the person.

5. As part of the sentence for a violation of this section the court may order the person to perform service to the community, as designated by the court, without compensation, for a period not to exceed twelve (12) days. The person shall reimburse the appropriate local unit of government for the cost of insurance incurred by the local unit of government as a result of the person's activities under this subsection.

6. Before imposing sentence for a violation of this section, the court shall order the person to undergo screening and assessment by a person or agency designated by the office of substance abuse services to determine whether the person is likely to benefit from rehabilitative services, including alcohol or drug education and alcohol or drug treatment programs. As part of the sentence, the court may order the person to participate in and successfully complete one (1) or more appropriate rehabilitative programs. The person shall pay for the costs of the screening, assessment and rehabilitative services.

7. Before accepting a plea of guilty under this section, the court shall advise the accused of the statutory consequences possible as a result of a plea of guilty in respect to suspension or revocation of an operator's or chauffeur's license, the penalty imposed for violation of this section and the limitation on the right of appeal.

8. The operator's or chauffeur's license of a person found guilty of violating this section shall be surrendered to the court in which the person was convicted. The court shall immediately forward the surrendered license and an abstract of conviction to the Secretary of State. The abstract of conviction shall indicate the sentence imposed. Upon receipt of and pursuant to the abstract of conviction, the Secretary of State shall suspend or revoke the person's license and, if ordered by the court and the person is otherwise eligible for a license, issue to the person a restricted license stating the limited driving privileges indicated on the abstract. If the license is not forwarded to the Secretary of State, an explanation of the reason why the license is absent shall be attached. If the conviction is appealed to circuit court, that court may, ex parte, order the Secretary of State to rescind the suspension, revocation or restricted license issued pursuant to this section.

Section 5.15(c) — Implied consent.

1. A person who operates a vehicle upon a public highway or other place open to the general public, including an area designated for the parking of vehicles, in the state is considered to have given consent to chemical tests of his or her blood, breath or urine for the purpose of determining the amount of alcohol or presence of a controlled substance or both in his or her blood if:

- The person is arrested for a violation of section 5.15(1) or (2) or 5.15(b).

b. The person is arrested for felonious driving, negligent homicide, or manslaughter resulting from the operation of a motor vehicle, and the peace officer had reasonable grounds to believe that the person operating the vehicle while impaired by or under the influence of intoxicating liquor or a controlled substance or a combination of intoxicating liquor and a controlled substance, or while having a blood alcohol content of 0.10% or more by weight of alcohol.

2. A person who is afflicted with hemophilia, diabetes or a condition requiring the use of an anticoagulant under the direction of a physician shall not be considered to have given consent to the withdrawal of blood.

3. The tests shall be administered as provided in section 5.15(a).

Section 5.15(d) — Refusal of chemical test.

If a person refuses the request of a peace officer to submit to a chemical test offered pursuant to section 5.15(a), a test shall not be given without a court order. A written report shall be forwarded to the Secretary of State by the peace officer. The report shall state that the officer had reasonable grounds to believe that the person had committed a crime described in section 5.15(c)(1), and that the person had refused to submit to the test upon the request of the peace officer and had been advised of the consequences of the refusal. The form of the report shall be prescribed and furnished by the Secretary of State.

Section 5.15(e) — Notice of receipt of sworn statement.

1. Upon receipt of the report made pursuant to section 5.15(d), the Secretary of State shall immediately notify the person in writing, mailed to his or her last known address, that the report has been received and that within fourteen (14) days of the date of the notice the person may request a hearing as provided in section 5.15(f).

2. The notice shall specifically state that the failure to request a hearing within fourteen (14) days will result in the suspension of the person's license or permit to drive. The notice shall also state that there is not a requirement that the person retain counsel for the hearing, though counsel would be permitted to represent the person at the hearing.

Section 5.15(f) — Hearing; failure to request; suspension, revocation, or denial of license, permit or operating privileges.

1. If the person who refuses to submit to a chemical test pursuant to section 5.15(d) does not request a hearing within fourteen (14) days of the date of notice pursuant to section 5.15(e), the Secretary of State shall suspend the person's operator's or chauffeur's license or permit to drive, or nonresident operating privilege, for a period of six (6) months, or for a second or subsequent refusal within a period of seven (7) years, for one (1) year. If the person is a resident without a license or permit to operate a vehicle in the state, the Secretary of State will deny to the person the issuance of a license or permit for a period of six (6) months, or, for a second or subsequent refusal within a period of seven (7) years, for one (1) year.

2. If a hearing is requested, the Secretary of State shall hold the hearing in the same manner and under the same conditions as provided in section 322 of the act. At least ten (10) days' notice of the hearing shall be mailed to the person requesting the hearing, to the peace officer who filed the report under section 5.15(d), and, if the prosecuting attorney requests receipt of the notice, to the prosecuting attorney of the county where the arrest was made. The hearing officer shall be authorized to administer oaths, issue subpoenas for the attendance of necessary witnesses, and may grant a reasonable request for an adjournment. The hearing shall cover only the following issues:

- Whether the peace officer had reasonable grounds to believe that the person had committed a crime described in section 5.15(c)(1).

b. Whether the person was placed under arrest for a crime described in section 5.15(c)(1).

c. Whether the person reasonably refused to submit to the test upon the request of the officer.

d. Whether the person was advised of the rights under section 5.15(a) and 5.15(c).

3. The hearing officer shall make a record of the proceedings held pursuant to subsection (2). The record shall be prepared and transcribed in accordance with section 86 of the administrative procedures act of 1969, Act No. 306 of the Public Acts of 1969, being section 24.286 of the Michigan Compiled Laws. Upon notification of the filing of a petition for judicial review pursuant to section 323, the hearing officer shall transmit to the court in which the petition was filed, not less than ten (10) days before the matter is set for review, the original or a certified copy of the official record of the proceedings. Proceedings at which evidence was presented need not be transcribed and transmitted if the sole reason for review is to determine whether or not the court will order the issuance of a restricted license. The parties to the proceedings for judicial review may stipulate that the record be shortened. A party unreasonably refusing to stipulate to a shortened record may be taxed by the court in which the petition is filed for the additional costs. The court may permit subsequent corrections to the record.

4. After the hearing, the Secretary of State may suspend or deny issuance of a license or driving permit or a nonresident operating privilege of the person involved for a period of six (6) months, or, for a second or subsequent refusal

# CLASSIFIED ADS - We've come a long way

Classified Ads as we know them today have evolved through a maze of time, ever searching for new routes by which people can communicate their wants to other people.

Thus the journey had its beginning in the days of the Egyptian Pharaohs. Papyri have been found on which were inscribed a form of Classified—mostly advertising for the return of runaway slaves.

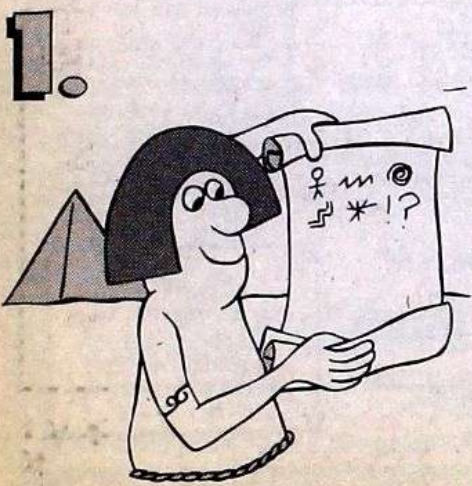

Naturally, the first full-fledged Classified ad, as it applies to newspapers, had to await the invention of the press by Johann Gutenberg in the mid-1400s. On June 28, 1660, King Charles II of England advertised in the Mercurious Politicus

for the return of his dog. The ad read:

LOST — A smooth black dog, less than a greyhound, belonging to the King's Majesty. If anyone can give notice to His Majesty's servants, or to His Majesty's back stairs, he shall be well-rewarded.

The first Classified ad to appear in the American press was in April of 1704. It was printed by John Campbell in his Boston Newsletter, and it invited readers to place small notices in the weekly newspaper.

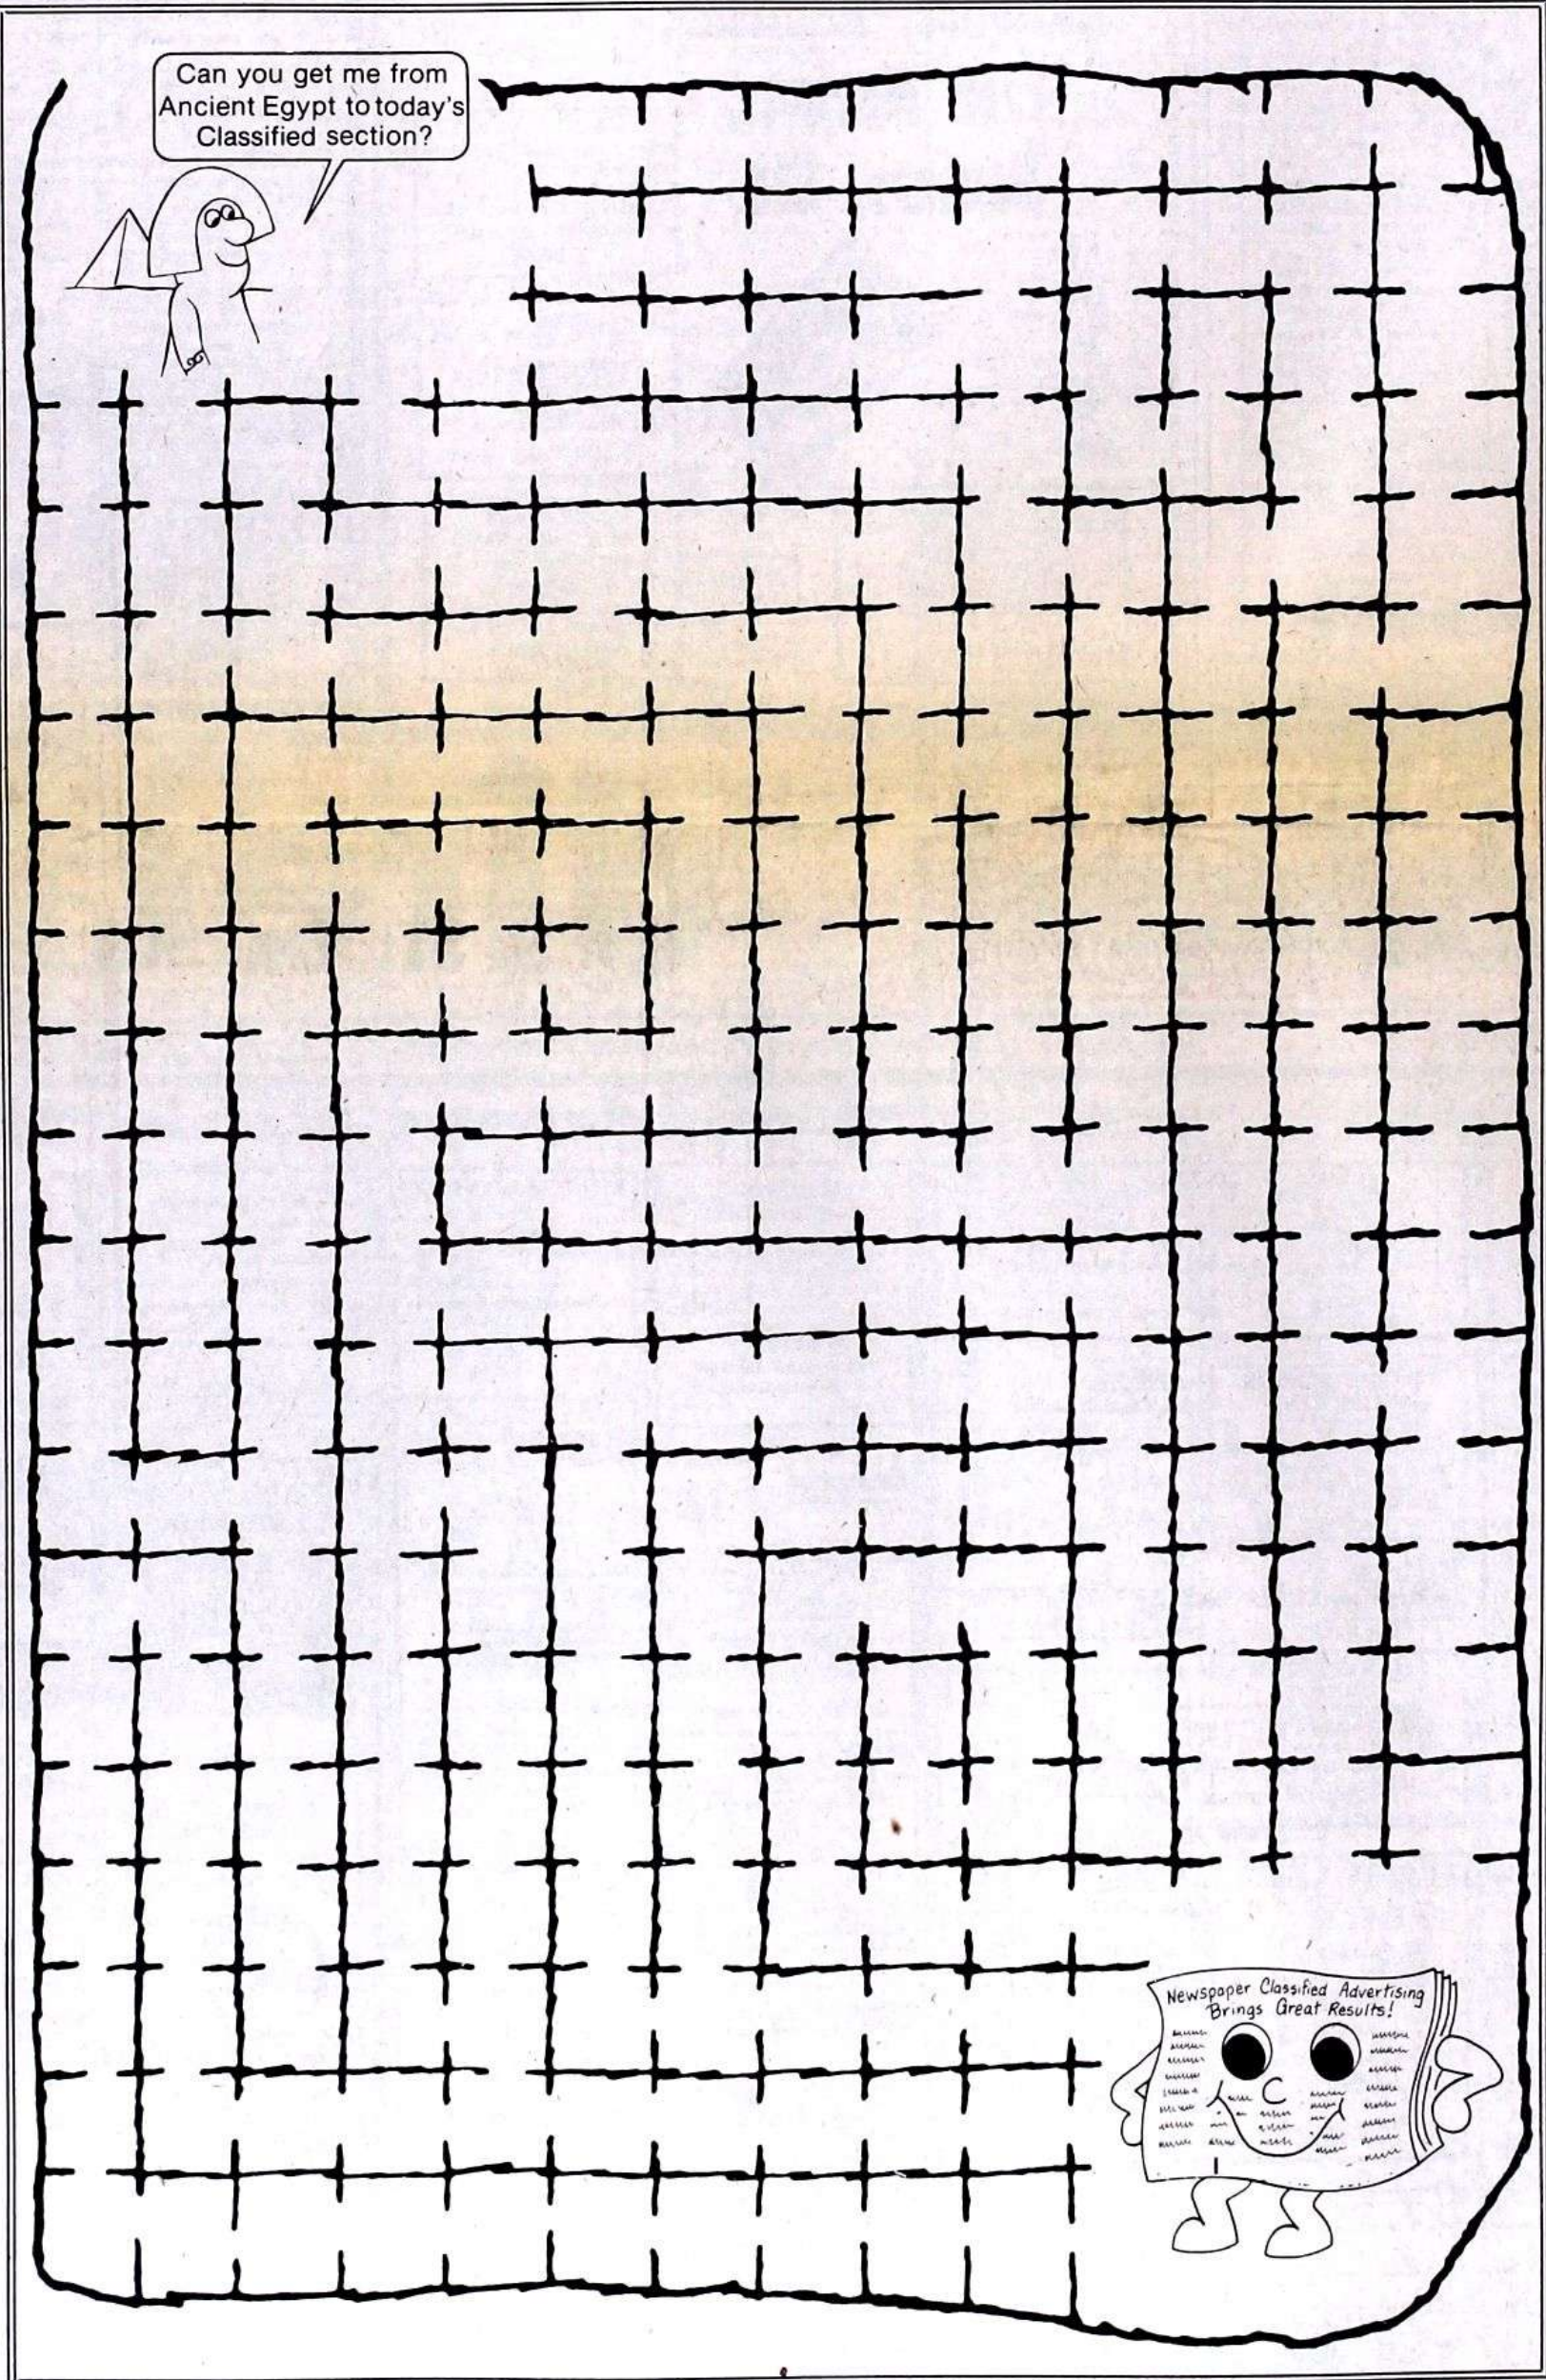

The New York Sun became the first newspaper to group the little ads together. This occurred about 1830.

Classified Ads as we still know them have been found in the papyri of ancient Egypt, mostly advertising for the return of runaway slaves.

John Campbell published the first American Classified ad in the first edition of his Boston Newsletter in 1704.

In 1660, King Charles II advertised in the Mercurious Politicus for the return of his lost greyhound.

The first newspaper to group all the little ads together in one section was the New York Sun way back in 1830. By the turn of the century the volume of ads had grown so much that it became necessary to group them under classification headings.

From a piece of parchment to page after page of avidly read messages, Classified ads have indeed come a long way. Today, they are the lowest-cost method of communicating between buyer and seller, renter and landlord, drivers and automobile dealers, repair experts and fix-up projects, and between employer and employee. And the overriding theme that runs through the maze is capsulated in one word—RESULTS.

# Small-town attitude leads to big-time business

By SUE BACHAND  
ANP Staff Writer

Perhaps money can't buy happiness — but at Lou LaRiche Chevrolet, they try to include it with every car deal.

There is only one sales philosophy at the Plymouth Chevrolet dealership, according to General Manager Ron Chaudoin, and that is, "keep the customer happy. Do what you have to do, but the customer must be happy."

That, he noted with a smile, is the simple type of home-town wisdom that has made LaRiche the successful dealership it is — that and listening to the needs of customers and clients and doing the very best job possible to satisfy them.

"This is a small town — the Plymouth-Canton area is rather small and close knit — it is a community very strong on local activities and everyone knows you. If you don't do a good job here, you won't last because word gets around and everyone knows it," Chaudoin noted.

LaRiche has undoubtedly been doing a very good job indeed as the majority of his customers are from the Plymouth-Canton and surrounding communities. He has managed to be a local, community dealer for more than 14 years and according to Chaudoin, that is no accident but has taken a great deal of training and effort.

"Our success is due to our philosophy I guess — but we do believe in making the best deal that we can make — there are limitations of

course, but we really try to make our customers happy. Everyone here knows that they have the authority to solve problems — and that if there is a problem we solve it. We keep the customer happy," he repeated.

More than 70 managers, sales and service personnel employed at LaRiche subscribe to this philosophy and, perhaps because of it, business at the Chevrolet dealer has increased 20 percent since last year at this time. Chaudoin credits some of this upturn to the news media, however. "When the news is positive, people have a more positive attitude. They are looking for something positive to grab onto — and people really want to get back to work," he commented. "Negative news broadcasts will have a direct result on the attitudes of buyers," he added.

LaRiche himself is an integral part of the Plymouth community and has demonstrated his intent to be a neighbor as well as a local businessman, Chaudoin said. LaRiche and his wife are Plymouth residents and he is a member of the Our Lady of Good Counsel parish. LaRiche is also member and past president of the Plymouth Rotary Club and was also member of the Plymouth Newcomers Club. In addition, he served as president of the Metro-Chevrolet Dealers Advertising Association and is currently secretary of the Detroit Automobile Dealers Association — none of which is surprising, according to

Chaudoin, for a man who grew up with the automobile business in his blood. LaRiche's family owned

dealerships in Cleveland. Chaudoin explained, and LaRiche has always been active in the automobile business.

That type of experience and background may be one reason LaRiche

is one of only 300 dealerships nationwide to have been awarded the rating as a Chevrolet Service Supremacy Dealer — a coveted and prestigious award bestowed on only a few who have clearly demonstrated themselves as outstanding in the areas of customer satisfaction and in meeting the guidelines for staffing and management set up by Chevrolet.

Chaudoin noted that at LaRiche, the ratio of customer complaints is less than 1 percent — outstanding for the number of cars sold at the dealership.

The present inventory at LaRiche will allow customers to choose from 200-400 vehicles on the premises. The most increased demand from customers, Chaudoin explained, is the full-size Chevrolet Caprice — "and of course we have the hot Camaro."

That demand may be due to the nature of the American buyer — "gas prices are down and they just don't want to give up that comfort," Chaudoin said.

Chaudoin has been with LaRiche for 14 years — he began when the dealership was located at Main and Amelia in 1972 and credits his employer's attitudes about customers with the success he has enjoyed.

"It's his philosophy — it's his dealership. Our job is to see that it is carried out and the job gets done," Chaudoin said. "Whatever it takes — if it's within our means, we'll do it."

**"This is a small town — the Plymouth-Canton area is rather small and close knit — it is a community very strong on local activities and everyone knows you. If you don't do a good job here, you won't last because word gets around and everyone knows it." — Lou LaRiche General Manager Ron Chaudoin**

# Marina's Pizzeria

## Diversified menu featured at family restaurant

By DENNIS NIEMIEC  
Feature Editor

Marina's Pizzeria is not a typical pizzeria.

Yes, they serve pizza at Marina's. And yes, they offer deliveries and carryouts.

But this pizzeria is a large family restaurant with a menu that includes chicken, ribs, seafood, sandwiches, ravioli, lasagna and of course, pizza. Located at 1918 Venoy in Westland's Venoy-Palmer Shopping Center, Marina's has a seating capacity of 85 and an experienced management staff.

Manager Steve Bossio of Canton has been helping his father, Mario, in the restaurant business since the age of 10, some 18 years ago. Mario, who was born in Italy, owns Marina's Pizzeria — named for Steve's grandmother — and Bossio's Restaurant in Livonia.

"We started out as a small carry-out across the parking lot," recalled Steve. "There was no seating

there — we moved into this building five years ago."

The site changed but not the pizza, which features a special sauce that remains a family secret.

One popular special promotion provides two pizzas at one price with no coupons necessary. The two-for-one offer is moderately priced (two cheese pizzas with two items, for instance, cost \$7.05 for a 12-inch serving, \$9.35 for a 14-inch medium, and \$11.35 for a 16-inch large).

As the manager points out, all items are fresh and hand cut and the dough is made daily. Two types of cheese are used as well.

Broasted chicken is served in portions ranging from a half chicken (four pieces for \$2.95) to chicken-in-a-bucket (12 to 24 pieces from \$7.75 to \$10.90). Specialty dinners include barbecued ribs (\$6.40), lake perch (\$4.35), fish and chips (\$4.05), shrimp (\$5.95), and barbecue chicken (\$4.15). Dinners are served with cole slaw, roll, french fries or mashed potatoes and gravy.

For the Italian appetite, Marina's menu is appropriately devoted to spaghetti, ravioli, mostaccioli and lasagna specialties, included with portions of mushrooms, meat balls or meat sauce, depending on one's preferences. Full meals range from \$3.25 to \$4.20.

Hamburgers and submarines are popular choices from the sandwich section. Side orders complement any selection and feature everything from french fries and fried mushrooms to breaded zucchini and garlic bread.

"People are very impressed with our ribs and chicken," Bossio commented. The ribs are cooked for five hours at a low temperature that makes them very tender."

Marina's dining room is open from 4 p.m. to 11 p.m. Sunday through Thursday and from 4 p.m. to 1 a.m. Friday and Saturday. Free deliveries will be available until the end of May.

Carryout orders can be placed by calling 721-4131.

## Spacious dining room

Marina's Pizzeria in Westland features a family menu of pizza, chicken, ribs, seafood and various Italian dishes served in a spacious dining room. The restaurant is lo-

cated in the Venoy-Palmer Shopping Center under the ownership of Mario Bossio. Steve Bossio serves as manager of the establishment.

## Sparks hit Outer Space

SPARKS  
"In Outer Space"  
(Atlantic)

Back in the heyday of Glitter Rock (1972-73), Sparks were one of the best bands around, the only problem was, not too many people knew it. Ten years later, and with this, their third consecutive first-rate effort, Sparks show that they're still one of the best bands around, only this time I have a feeling a lot more people will be made aware.

Sparks are the Mael brothers — Russell, the extroverted vocalist who always sounds like his underwear is too tight, and Ron, the unmoving keyboardist who's often referred to as "that guy who looks like Hitler" — and a back-up group that's changed many times over the years. The heart and soul of the group is Russell's delivery of Ron's lyrics, which are as witty as any others on the market, but are best described as "whacky."

Even Dick Clark likes them, as evidenced on their recent appearance on "American Bandstand," when the group, along with pal Jane Wiedlin of the Go-Go's, sang their soon-to-be-monsterous hit single, "Cool Places." Remember, you heard it there first.

"All You Ever Think About Is Sex" is a real rave-up number, with Russell confessing:

"Think about the places  
We've had out little fun  
In the church at Christmas  
Busted by that nun..."

The verse about the Dodgers and the Mets and a crowd of 50,000 people turning red is, of course, in the same vein.

Other highlights from an album chocked full of them is "I Wish I Looked A Little Better," with the hilarious concluding lines "I went to Balboa Island/ And laid in the sand/ I may be ugly as sin/ But at least now I'm tan." "Prayin' For A Party" is a Cheap Trick-type rocker that seems in the same style of Joan Jett's "I Love Rock & Roll," and "A Fun Bunch Of Guys From Outer Space" regals itself in childlike fun. And rock music should be fun, after all.

Sparks. "Cool Places." This album is definitely one.

JOAN RIVERS  
"What Becomes a Semi-Legend  
Most"  
(Geffin)

Can we talk?  
Why, you may wonder, has Joan Rivers suddenly become

such a big hit with the younger set? The answer to that and many other questions (like "How many chins does Liz Taylor have? She's got more chins than a Chinese phone book!") is on this hilariously barbed fast-paced LP.

Topics talked about include men she dated — "Ever date a proctologist? You go out for a drink he says 'Bottoms Up!' — rock stars — "C'mon, Mike Jagger is UGLY! He's got child-bearing lips!" — and the Royal

Family, who she'll probably never be invited to have dinner with. "I met Princess Anne, I thought she was wearing a fur coat — she was wearing a strapless dress! I asked her how many kids she has, she answered 'neigh'."

Joan tells us that her now near-legendary friend, Heidi Abromowitz (the school tramp) just had a kid, and they named it after the father. "Trick."

Not for the meek, weak of heart, or close personal friends of Jerry Falwell.

Joan Rivers covers a number of hilarious subjects.

## Players offer 'Vanities'

The Spotlight Players will present "Vanities," a focus on the lives of three women, on April 15 and 16, 22 and 23 at the John Glenn Auditorium, located on Marquette west of Wayne Road in Westland. Curtain time for all performances is 8 p.m.

"Vanities" takes a look at three women from their senior year in high school through the next 12 years of their lives. Cast in the leading roles are Carolyn Handler (Kathy), Gail Susan Mack (Mary)

and Mary Jo Cobello of Westland (Joanne).

Mack has won Best Actress awards for the past three years while Cobello is a theatre and dance major at Eastern Michigan University. Handler has performed in various productions with the Oak Park Community Theatre.

Michael W. Swain of Canton, the president of the Spotlight Players, will direct the play with assistance

from John Eastman. Jeff James of Wayne is the producer.

Tickets are priced at \$4 for adults and \$3 for senior citizens and students and will be available at the door. A dinner theatre presentation is offered for the April 23 performance, starting at 6:30 p.m. Dinner theatre tickets, priced at \$10.50 for adults, \$9.50 for seniors and students and \$6.50 for season ticket holders and subscribers, must be reserved by April 18 (call 595-6117).

## 'Bell, Book and Candle' to open

John Van Druten's comedy "Bell, Book and Candle" will be offered by the Performing Arts Department of Henry Ford Community College at 8 p.m. April 22 and 23, 29 and 30 in the Adray Auditorium of the MacKenzie Fine Arts Center.

Lisa Hecht portrays Gillian Holroyd, a young, mischievous witch who longs to fall in love "like the mortals" while Joe Hislop is cast as Shepherd Henderson, a book publisher who falls in love with her with the help of a little black magic.

Tickets are priced at \$3 general admission and \$2 for students and senior citizens and may be purchased at the door. Ticket information

may be obtained by calling 271-2750, ext. 478.

Dr. Ronald Worsley, a drama instructor at the college, will serve as

director.

The MacKenzie Center is located on the Henry Ford College campus, 5101 Evergreen in Dearborn.

## Satirical story is revived

The Greenfield Village Players will revive the 1930's hit "The Late Christopher Bean" every Friday and Saturday through May 14 at the Henry Ford Museum Theater in Dearborn.

Sidney Howard's satirical story deals with a New England family under financial stress in a cynical look at small town virtues and big city superficiality.

Curtain time is 8:30 p.m. and all seats are reserved. Tickets, priced at \$4.75 are available from 9 a.m. to 5 p.m. at the Greenfield Village entrance or at the box office beginning one hour before each performance.

A combination package includes dinner in the museum's Heritage Hall is also available. To make reservations, call 271-1620, ext. 415.

# Canton musicians to appear in concert

PAULINE MARTIN

## Orchestra soloists will perform Saturday

Two Canton residents, Pauline Martin and Robert Williams, will appear as soloists with the Renaissance City Chamber Orchestra in a concert at Orchestra Hall Saturday.

Martin will perform on piano and Williams on bassoon as part of the "Music for a Renaissance City" series starting at 8 p.m.

Music for the evening will include selections by Corelli, Telemann, Bach, Rossini and Francaix. Tickets, priced at \$3, may be reserved by calling 62-MUSIC.

\*\*\*\*

The Geneva United Presbyterian Church, 5835 Sheldon, Canton, will be the site of a Geneva Musicale concert at 3 p.m. April 24 featuring Pauline Martin on piano, Robert Riseling on clarinet and Glenn Mellow on viola. A native of Manitoba, Martin earned bachelor of music and master of music degrees at Indiana University, where she studies with Menahem Pressler. She recently completed the Doctor of Musical Arts degree in piano performance at the University of Michigan.

Martin has performed in Canada, the U.S. and Europe, winning numerous awards.

Riseling is a professor of clarinet and theory at the University of Western Ontario while Mellow is in his fourth year with the Detroit Symphony Orchestra.

The Geneva Musicale presentation will offer works of Mozart, Brahms and Bruch.

## A 'Spring wildflower walk'

A "Spring Wildflower Walk" will be held at the Nature Center of Oakwoods Metropark near Flat Rock on Sunday, April 24, at 2 p.m. Park Naturalist Glenn Dent will identify and discuss the

first wave of woodland wildflowers, including Hepatica, Trout Lily, Bloodroot, Toothwort, Spring Beauty, and Violets.

This program is "free". For information — contact the Na-

ture Center at Oakwoods Metropark - Phone 697-9181 (c/o Belleville).

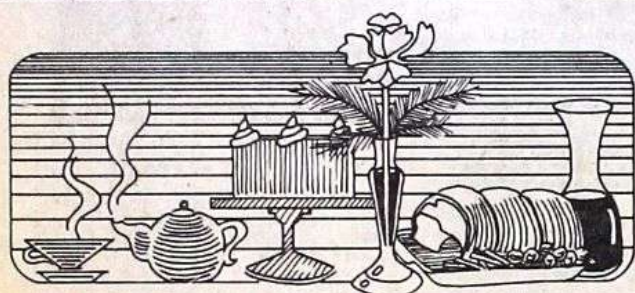

A vehicle entry permit is required (Annual: regular - \$7, senior citizens - \$2 or daily - \$2).

## Talented musician

Robert Williams will perform on the bassoon at 8 p.m. Saturday as part of the Music for a Renaissance City series offered by the Renaissance City Chamber Orchestra.

# Armed Forces

Troy A. Trevorow, 18, son of Richard Trevorow, 31135 Elmwood, Garden City, and Wilayne Clawson, 38945 Wabash Rd., Romulus, has entered the U.S. Air Force's Delayed Enlistment Program (DEP).

According to Technical Sergeant Ed Lehmann, the Air Force recruiter here, Trevorow's entry into the DEP serves two purposes. First, it allows the Air Force to schedule an opening for him to attend basic training and be assigned to a job or skill area. Second, the DEP enables Trevorow, a 1982 graduate of Romulus High School, to wrap up his personal affairs before leaving home.

Trevorow will enter the Regular Air Force Sept. 21. Following graduation for the six-week basic training course at Lackland Air Force Base, Tex., he will receive technical training in the mechanical aptitude area and be assigned to an Air Force duty station.

Airman William O. Chamberlain, son of Robert L. and Grace E. Chamberlain of 47515 Bemis Road, Belleville, has completed Air Force basic training at Lackland Air Force Base, Texas.

The airman, who is remaining at Lackland for specialized training in the security police field, studied the Air Force mission, organization and customs and received special instruction in human relations.

Completion of this training earned the individual credits toward an associate degree in applied science through the Community College of the Air Force.

He is a 1982 graduate of Belleville High School.

Airman Michael A. Katona, son of George A. Katona of 15549 Brandt, Romulus, has been assigned to Lowry Air Force Base, Colo., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete

basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the supply field.

His grandmother, Helen J. Katona, is a resident of 13455 Petersburg, Milan, Mich.

The airman is a 1982 graduate of Romulus Senior High School.

## ROMULUS COMMUNITY SCHOOL DISTRICT SPECIAL SCHOOL ELECTION APRIL 18, 1983 NOTICE TO ELECTORS

To the qualified Electors of Romulus Community School District: Notice is hereby given that ABSENTEE VOTER'S BALLOTS are now available for the Special School Election to be held on Monday, April 18, 1983, and may be obtained from the Office of the Romulus City Clerk, 11111 Wayne Road, for electors who expect to be absent from the Community, physically disabled, cannot attend the polls because of the tenets of their religion, or are 60 years or older.

Notice is further given that Saturday, April 16, 1983, is the deadline for acceptance of Absentee Ballots of Applications, in accordance with Section 168.759 of the Michigan Compiled Laws of 1948, as amended. The City Clerk's Office will be open from 9:00 a.m. to 2:00 p.m. for the acceptance thereof. EMERGENCY ABSENTEE VOTERS APPLICATIONS will be issued to any registered elector at the time prior to 4:00 p.m. on Election Day if he shall have become physically disabled or shall be absent from the Romulus Community School District because of sickness or death in the family which occurred at a time which has made it possible to apply for Absent Voters Ballots by the statutory deadline.

## CITY OF ROMULUS

(Continued from Page C-4)

within (7) years, for one (1) year. If the person involved is a resident without a license or permit to operate a vehicle in the state the Secretary of State may deny to the person the issuance of a license or permit for a period of six (6) months, or, for a second or subsequent refusal within seven (7) years, for one (1) year. The person involved may file a petition in the circuit court of the county in which the arrest was made to review the suspension or denial as provided in section 323.

5. When it has been finally determined that a nonresident's privilege to operate a vehicle in the state has been suspended or denied, the Department shall give notice in writing of the action taken to the motor vehicle administration of the state of the person's residence and of each state in which he or she has a license to operate a motor vehicle.

Section 5.15(h) — Preliminary breath analysis.

1. A peace officer who has reasonable cause to believe that a person was operating a vehicle upon a public highway or other place open to the general public, including an area designated for the parking of vehicles, in the state, and that the person by the consumption of intoxicating liquor may have affected his or her ability to operate a vehicle, may require the person to submit to a preliminary chemical breath analysis.

2. A peace officer may arrest a person based in whole or in part upon the results of a preliminary chemical breath analysis.

3. The results of a preliminary chemical breath analysis shall be admissible in a crime prosecution for a crime enumerated in section 5.15 a(1) or in an administrative hearing under section 5.15(f), solely to assist the court or hearing officer in determining a challenge to the validity of an arrest. This subsection does not limit the introduction of other competent evidence offered to establish the validity of an arrest.

4. A person who submits to a preliminary chemical breath analysis shall remain subject to the requirements of sections 5.15(a), 5.15(c), 5.15(d), 5.15(e) and 5.15(f) for the purposes of chemical tests described in those sections.

5. A person who refuses to submit to a preliminary chemical breath analysis upon a lawful request by a peace officer is responsible for a civil infraction.

6. Section 5.15(g) shall apply to a preliminary chemical breath analysis.

This Ordinance shall take effect on March 30, 1983. All proceedings pending and all rights and liabilities existing, acquired or incurred at the time this amendatory act takes effect are saved and may be consummated according to the law in force when they are commenced. This amendatory act shall not be construed to affect any prosecution pending or initiated before the effective date of this amendatory act, or initiated after the effective date of this amendatory act for an offense committed before the effective date.

MADE, PASSED AND ADOPTED BY THE ROMULUS CITY COUNCIL  
THIS 22nd DAY OF MARCH, 1983.

5A. Motion by Baumann, supported by Lewkowicz, to adopt the following resolution designating the property located at 11050 Meredith Road as a historical site and recognizing the designation on Heritage Day, May 15th, 1983:

Resolution 83-099

WHEREAS: In July of 1832, three years before Romulus became a township, Jenks Pullen purchased from the U.S. Government a parcel of land. The home of Ruth C. Miank now stands on a small portion of this same parcel. The house itself is of Vernacular-Late Victorian style; this style was popular in the years 1870-1880's. The house retains its original architectural style including the original siding. The house is in excellent condition, and is a good example of the aforementioned style of architecture. Ruth C. Miank is a descendant of Alexander McBride who came to Romulus with his family in the year 1835. Ruth is the fourth generation of the McBride family to reside in Romulus.

WHEREAS: The Romulus Historical Society was founded in 1979 for the purpose of preserving, commemorating, and recognizing local sites of historical and/or architectural significance.

WHEREAS: The site of the home of Ruth C. Miank, located on 11050 Meredith in Romulus, has fulfilled the guidelines established by the Romulus Historical Society, and thereby warrants recognition as a local historical site.

NOW THEREFORE BE IT RESOLVED: That the City Council of the City of Romulus joins Mayor William M. Oakley in declaring the site of the home of Ruth C. Miank, on 11050 Meredith in Romulus, a local historical site on Heritage Day, May 15, Michigan Week, 1983.

BE IT FINALLY RESOLVED: Copies of this resolution be forwarded to Governor James Blanchard, Senator William Faust, Speaker of the House Gary Owen and Representative Edward Mahalak as well as the Greater Michigan History Division of the Department of State.
